Sacred monologues with music
Here are entered collections of sacred musical works in which spoken language is an integral part. Individual works and collections for a specific medium of performance are entered under the heading followed by the medium. The medium "instrumental ensemble" stands for two or more different solo instruments; "voice" for solo voice of high, low, or medium range; and "chorus" for men's, mixed, women's, or children's voices in two or more parts. Collections of secular, or sacred and secular, musical works in which spoken language is an integral part are entered under Monologues with music.

Satisfaction for sin
[BT263-BT265.2]
Here are entered works on the theory of Atonement which has been prominent in Christian theology since Anselm, and which holds that Christ's death was a sufficient vicarious reparation for the sins of the world.

Septets *(May Subd Geog)*
[M700-M786]
Here are entered collections of compositions for seven instruments belonging to various families and in various combinations. Collections of compositions not in a specific form or of a specific type for a single combination of instruments, and individual works, are entered under this heading followed by a parenthetical qualifier with the names of the instruments or the term "unspecified instrument(s)."
Compositions for seven bowed stringed instruments are entered under String septets; for seven wind instruments under Wind septets; for seven brass instruments under Brass septets; for seven woodwind instruments under Woodwind septets; and for seven plucked stringed instruments under Plucked instrument septets.
Compositions for seven percussionists are entered under Percussion ensembles.
Compositions for seven solo voices are entered under Sacred vocal septets or Vocal septets.
