

Law in general. Comparative and uniform law. Jurisprudence

Class here legal works that are universal in scope, works comparing the national (domestic) law of two or more jurisdictions in different regions, works on supraregional unification of law (e.g. Universal Copyright Convention, Universal Postal Convention, etc.), and works on private international law (conflict of laws).

For works on the law of jurisdictions within the same region, see the region

For public international law, see subclass KZ

Periodicals

Class here periodicals consisting predominantly of legal articles, regardless of subject matter and jurisdiction

For periodicals consisting primarily of informative material (newsletters, bulletins, etc.) relating to a particular subject, see the subject and the form division, Periodicals, in various subclasses

For law reports, official bulletins or circulars, and official gazettes intended chiefly for the publication of laws and regulations, see the appropriate entries in the text or form division tables of the various subclasses

For periodicals relating to the study of ancient or defunct (historic) legal systems, see the appropriate K subclasses, e. g. KJ166 Germanic law; KJA6 Roman law; KL6 Ancient law; etc.

By main entry

The book number, derived from the main entry, is determined by the letters following the letter for which the class number stands, e.g. K1.D87, Advocatus

Civil law systems
Class here works on civil law systems as a whole and compared with each other
- 585 General works
- 587 Socialist systems of law
- 588 Common law (Table K8)
Class here works on the influence, development, and application of common law not limited to a specific region or country
For works limited to a specific region or country, see the subclass for the region or country
- 588.5 Islamic law (Table K8)
Class here works on the influence, application and reception of Islamic law as part of national secular legal systems not limited to a specific region or country
For works limited to a specific region or country, see the subclass for the region or country
For works on Islamic law as a system of jurisprudence, see class KBP

Comparative law. International uniform law

Legal systems compared -- Continued

589

Modern legal systems and ancient legal systems

Class here works on influence of ancient legal systems on modern legal systems, as well as comparisons not limited to a particular region or country

For works limited to a particular region or country, see the subclass for the region or country, e.g. Europe

Roman law see KJA164

590

Ancient legal systems

For works limited to a particular region or country, see the subclass for the region or country, e.g., KJ for Germanic and Slavic; KL for ancient Orient

Primitive law see K190+

590.5

Mobility of law. Transnational law

Class here works on the migration of laws or legal systems across geographic, cultural and linguistic boundaries

(591)

General special

see the specific subject

Regional divisions. Interregional comparative law

Class here general and comparative works on two or more regions (e.g. Middle East and North Africa), or works on a region not established elsewhere in class K

For regional organizations for economic integration see K3823+

For general and theoretical works on regionalism see KZ1273

592

General works

By region

Africa

see KQC

The Americas

see KDZ

Asia

see KMC and KNC

Europe

see KJC

Polar regions

593

General (Table K8)

594

Arctic regions

For works on particular topics pertaining to the region, see the topic, e.g. Arctic high sea fisheries, K3898

For works on particular laws of countries extending into the Arctic regions, see the country, e.g. Canadian submarine oil well drilling in the Arctic region, KE1815

Comparative law. International uniform law

Regional division. Interregional comparative law
