CHAP. 594.—An act authorizing the construction of railroad bridges across the Snake River and across the Clear Water River, by the Oregon Railway and Navigation Company.

Oregon Railway and Navigation Company may bridge Snake River, Wash., and Clear Water River, Idaho.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the assent of Congress is hereby given to the Oregon Railway and Navigation Company, a corporation incorporated and organized under the laws of the State of Oregon, and to its successors and assigns, to construct and maintain a bridge, and approaches thereto, across the Snake River, in the Territory of Washington, near Texas Ferry on said river; and also a bridge, and approaches thereto, across the Clear Water River, in the Territory of Idaho, between its mouth and the boundary-line of the Nez Percé Indian Reservation. Said bridges shall be so constructed as to provide for the passage of railway trains, and, at the option of the said corporations, may be used for the passage of wagons and vehicles of all kinds, for the transit of animals, and for foot-passengers, for reasonable rates of tolls to be fixed by said company.

Railway, wagon, and foot bridges.

Draw.

SEC. 2. That any bridge built under this act shall be constructed as a pivot draw-bridge, with a draw over the main channel at an accessible and the best navigable point, and with spans giving a clear waterway, measured at the lowest stage of water known at the locality, of such width and height as the Secretary of War may, upon examination, prescribe; and the lowest part of the superstructure of the bridge shall be of such elevation above the plane of the highest flood known at the locality as the Secretary of War may deem advisable, and provision shall also be made in the location and construction of abutments and approaches to allow the free passage of flood water; and the piers of said bridges shall be parallel to and the bridges shall be at right angles to the current of the river: *Provided,* That the draw shall be opened promptly upon reasonable signal for the passage of boats and other water-craft, except when trains are passing over the draw; but in no case shall unnecessary delay occur in opening the draw during or after the passage of trains; and said corporation shall maintain, at its own expense, from sunset to sunrise, such lights and other signals on said bridges as the Light-House Board shall prescribe; and said corporation shall provide, at its own expense, such sheer-booms, guide-piers, and other device as may be necessary to facilitate the safe passage of boats or other water-craft through the spans of said bridges. The said bridges shall be located and built under and subject to such regulations for the security of the navigation of said rivers as the Secretary of War shall prescribe; and to secure that object the said company shall submit to the Secretary of War, for his examination and approval, a design and drawings of each of said bridges and a map of the location, giving, for the space of one mile below and one mile above the proposed location, the topography of the banks of the river, the shore-lines at high and low water, the direction and strength
