El Gobierno Mexicano desea que las reclamaciones sean falladas de esa manera, porque México quiere que su responsabilidad no se fije según las reglas y principios generalmente aceptados de Derecho Internacional, sino que *ex gratia* se siente moralmente obligado a dar completa indemnización y conviene, por consiguiente, en que bastará que se compruebe que el daño ó pérdida que se alega en cualquier caso fué sufrido y que fué ocasionado por alguna de las causas enumeradas en el Artículo III de esta Convención.

In any case the Commission may decide that international law, justice and equity require that a property or right be restored to the claimant in addition to the amount awarded in any such case for all loss or damage sustained prior to the restitution. In any case where the Commission so decides the restitution of the property or right shall be made by the Government affected after such decision has been made, as hereinbelow provided. The Commission, however, shall at the same time determine the value of the property or right decreed to be restored and the Government affected may elect to pay the amount so fixed after the decision is made rather than to restore the property or right to the claimant.

En cualquier caso la Comisión puede decidir que el Derecho Internacional, la justicia y la equidad requieren que una propiedad o un derecho sea restituído al reclamante, además de la cantidad que se le adjudique en cualquiera de tales casos por toda la pérdida o daño sufrido antes de la restitución. En cualquier caso en que la Comisión así lo resuelva, la restitución de la propiedad o del derecho será hecha por el Gobierno afectado después de que tal decisión haya sido dictada, según se previene más adelante. La Comisión, no obstante, fijará al mismo tiempo el valor de la propiedad o del derecho cuya restitución se ha decretado y el Gobierno afectado tendrá opción de pagar la cantidad así fijada después de la resolución, en vez de restituir la propiedad o el derecho al reclamante.

Value of property to be determined.

Payment of value instead of restitution.

In the event the Government affected should elect to pay the amount fixed as the value of the property or right decreed to be restored, it is agreed that notice

En el caso de que el Gobierno afectado opte por pagar la cantidad fijada como valor de la propiedad o el derecho cuya restitución sea decretada, se con-

thereof will be filed with the Commission within thirty days after the decision and that the amount fixed as the value of the property or right shall be paid immediately. Upon failure so to pay the amount the property or right shall be restored immediately.

ARTICLE X.

Each Government shall pay its own Commissioner and bear its own expenses. The expenses of the Commission including the salary of the third Commissioner shall be defrayed in equal proportions by the two Governments.

ARTICLE XI.

The present Convention shall be ratified by the High Contracting Parties in accordance with their respective Constitutions. Ratifications of this Convention shall be exchanged in Washington as soon as practicable and the Convention shall take effect on the date of the exchange of ratifications.

In witness whereof, the respective Plenipotentiaries have signed and affixed their seals to this Convention.

[*The Secretary of State to the French Ambassador.*]DEPARTMENT OF STATE,  
Washington, July 19, 1923.

Excellency:

In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and France, February 10, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government. From Secretary of State.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adherence by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the Government of the French Republic will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement under which the disputes mentioned in the Convention could be referred to the Permanent Court of International Justice.

Accept, Excellency, the renewed assurance of my highest consideration.

Ambassador of France.[*The French Ambassador to the Secretary of State.*]

Mr. Secretary of State:

Your Excellency was pleased, by your note dated this day, to suggest in connection with the renewal of the Arbitration Convention signed by France and the United States on February 10, 1908, and periodically renewed since, that the agreement of the two governments on the point specified as follows in your said note be placed on record.

Your Excellency's communication reads as follows:

"On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adherence by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the Government of the French Republic will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement under which the disputes mentioned in the Convention could be referred to the Permanent Court of International Justice."

I have the honor to inform Your Excellency that my Government, whose instructions have come to hand, entirely agrees with Your Excellency in this matter.

Be pleased to accept, Mr. Secretary of State the assurances, etc.

Sir:

In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and the Government of Norway, April 4, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. DEPARTMENT OF STATE,  
*Washington, August 23, 1923.*

Excellency:

From Secretary of State.

In connection with the signing today of an agreement for the renewal of the Convention of Arbitration concluded between the United States and the Government of His Majesty the Emperor of Japan, May 5, 1908, and renewed from time to time, I have the honor, in pursuance of our informal conversations, to state the following understanding which I shall be glad to have you confirm on behalf of your Government.

On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at The Hague. As the Senate does not convene in its regular session until December next, action upon this proposal will necessarily be delayed. In the event that the Senate gives its assent to the proposal, I understand that the Government of His Majesty the Emperor of Japan will not be averse to considering a modification of the Convention of Arbitration which we are renewing, or the making of a separate agreement, providing for the reference of disputes mentioned in the Convention to the Permanent Court of International Justice.

Accept, Excellency, the renewed assurances of my highest consideration.

I am happy to be able to confirm to you, under instructions from my Government, your understanding as set forth in the following terms:

"On February 24 last the President proposed to the Senate that it consent under certain stated conditions to the adhesion by the United States to the Protocol of December 16, 1920, under which the Permanent Court of International Justice has been created at the Hague. Preamble.

NATURALIZATION TREATY  
between the  
UNITED STATES and BULGARIA.

The President of the United States of America and His Majesty Boris III, King of the Bulgarians, being desirous of reaching an agreement concerning the status of former nationals of either country who have acquired, or may acquire, the nationality of the other by reasonable processes of naturalization within any territory under its sovereignty, have resolved to conclude a treaty on this subject and for that purpose have appointed their plenipotentiaries, that is to say: Contracting Powers.

The President of the United States of America:  
Charles S. WILSON, Envoy Extraordinary & Minister Plenipotentiary of the United States of America to Bulgaria;  
and His Majesty, the King of the Bulgarians:  
Christo KALFOFF, Minister for Foreign Affairs and Worship of Bulgaria, Plenipotentiaries.

Who, having communicated to each other their full powers, found to be in good and due form, have agreed upon the following Articles:

ARTICLE I.

Nationals of the United States who have been or shall be naturalized in Bulgarian territory, shall be held by the United States to have lost their former nationality and to be nationals of Bulgaria. Mutual recognition of loss of former nationality by naturalization.

Reciprocally, nationals of Bulgaria who have been or shall be naturalized in territory of the United States shall be held by Bulgaria to have lost their original nationality and to be nationals of the United States.

The foregoing provisions of this Article are subject to any law of either country providing that its nationals do not lose their nationality by becoming naturalized in another country in time of war. Restriction in time of war.

The word "national", as used in this convention, means a person owing permanent allegiance to, or having the nationality of, the United States or Bulgaria, respectively, under the laws thereof. Application of terms.

The word "naturalized", refers only to the naturalization of persons of full age, upon their own applications, and to the naturalization of minors through the naturalization of their parents. It does not apply to the acquisition of nationality by a woman through marriage.

## ARTICLE II.

Status of naturalized person returning to former country.

Nationals of either country who have or shall become naturalized in the territory of the other, as contemplated in Article I, shall not, upon returning to the country of former nationality, be punishable for the original act of emigration, or for failure, prior to naturalization, to respond to calls for military service not accruing until after *bona fide* residence was acquired in the territory of the country whose nationality was obtained by naturalization.

## ARTICLE III.

Renunciation of naturalization, by residence in country of origin.

If a national of either country, who comes within the purview of Article I, shall renew his residence in his country of origin without the intent to return to that in which he was naturalized, he shall be held to have renounced his naturalization.

The intent not to return may be held to exist when a person naturalized in one country shall have resided more than two years in the other.

## ARTICLE IV.

Exchange of ratifications.  
Duration.

The present Treaty shall go into effect immediately upon the exchange of ratifications, and shall continue in force for ten years. If neither party shall have given to the other six months' previous notice of its intention then to terminate the Treaty, it shall further remain in force until the end of twelve months after either of the contracting parties shall have given notice to the other of such intention.

Who, having communicated their full powers found in good and due form, have agreed as follows:

### ARTICLE I.

The High Contracting Parties declare that it is their firm intention to uphold the principle that 3 marine miles extending from the coastline outwards and measured from low-water mark constitute the proper limits of territorial waters.

### ARTICLE II.

(1) His Britannic Majesty agrees that he will raise no objection to the boarding of private vessels under the British flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers

Boarding of private British vessel outside limits, for inquiry, etc., not objected to.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board British vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

To be kept under seal while in American waters.

### ARTICLE IV.

Action on claims for loss, etc.

Any claim by a British vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Treaty or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Reference to Pecuniary Claims Commission.

Vol. 37, p. 1625.

Effect shall be given to the recommendations contained in any such joint report. This Treaty shall be subject to ratification and shall remain in force for a period of one year from the date of the exchange of ratifications.

Notice of proposed modifications.

Three months before the expiration of the said period of one year, either of the High Contracting Parties may give notice of its desire to propose modifications in the terms of the Treaty.

If such modifications have not been agreed upon before the expiration of the term of one year mentioned above, the Treaty shall lapse.

Treaty to lapse if modifications not agreed upon.

If no notice is given on either side of the desire to propose modifications, the Treaty shall remain in force for another year, and so on automatically, but subject always in respect of each such period of a year to the right on either side to propose as provided above three months before its expiration modifications in the Treaty, and to the provision that if such modifications are not agreed upon before the close of the period of one year, the Treaty shall lapse.

## Article I

Regulations governing the renewal and transfer of licenses, and the imposition of fines and other penalties for any misuse of licenses, may be made by either of the High Contracting Parties whenever advisable, within the terms of the present convention, and without prejudice to the rights defined therein.

If such regulations should permit the renewal of licenses, the corresponding fee will not be greater than that charged for the original license.

If such regulations should permit the transfer of licenses, upon satisfactory proof that transferee or assignee is in every sense the true successor of the original licensee, and can furnish a certificate of identification similar to that furnished by the said original licensee, he will be allowed to operate as a commercial traveler pending the arrival of the new certificate of identification, but the cancellation of the bond for the samples shall not be effected before the arrival of the said certificate.

Siempre que una de las Altas Partes Contratantes lo juzgue conveniente, podrá reglamentar la renovación y el traspaso de patentes y la imposición de multas y otras penas por cualquier uso ilegal de las mismas, de acuerdo con lo estipulado en la presente convención, y sin perjuicio de los derechos en ella especificados.

En caso de que se autorice la renovación de patentes, no se cobrará por este servicio una suma mayor que la exigida por la expedición de la patente original.

En caso de que se autorice el traspaso de patentes, el cesionario, previa prueba suficiente de que es por todos conceptos el verdadero sucesor del cedente, y de que pueda presentar un certificado de identificación semejante al presentado por el que obtuvo la licencia original, podrá actuar como viajante hasta que se reciba el nuevo certificado de identificación, no efectuándose, sin embargo, la cancelación de la fianza, mientras no haya llegado este documento.

### Article III

### Artículo III

Sales of samples restricted to business represented by commercial traveler.

It is understood that the traveler will not engage in the sale of other articles than those embraced by his lines of business; that is to say, he may sell his samples, thus incurring an obligation to pay the customs duties thereupon, but he may not sell other articles brought with him or sent to him, which are not reasonably and clearly representative of the kind of business he purports to represent.

Se entiende que el viajante no se dedicará a la venta de otros artículos que los comprendidos en el ramo a que se dedica; es decir, podrá vender sus muestras, con la obligación correspondiente de cubrir los derechos aduaneros reglamentarios, pero no podrá vender otros artículos que lleve consigo o que reciba, si no pertenecen, de una manera razonable y clara, al ramo a que está dedicado.

### Article IV

### Artículo IV

Advertising matter admitted equally as samples.

Advertising matter brought by commercial travelers in appropriate quantities shall be treated as samples without commercial value. Objects having a depreciated commercial value because of adaptation for purposes of advertisement, and intended for gratuitous distribution, shall, when introduced in reasonable quantities, also be treated as samples without commercial value. It is understood, however, that this prescription shall be subject to the customs laws of the respective countries.

Se considerarán como muestras sin valor comercial los anuncios que el viajante lleve consigo, siempre que sean en cantidades apropiadas, teniéndose, también, como muestras sin valor comercial los objetos que tengan un valor mercantil depreciado, debido a su adaptación para fines de anuncios y destinados a distribución gratuita, siempre que se introduzcan en cantidades razonables. Se entiende, sin embargo, que esta prescripción estará sujeta al reglamento aduanero del país respectivo.

### Article V

### Artículo V

Extension of bonds for samples.

If the original license were issued for a period longer than six months, or if the license be renewed, the bond for the samples will be correspondingly extended. It is understood, however, that this prescription shall be subject to the customs laws of the respective countries.

Quando la patente original se expidiere por un período mayor de seis meses, o cuando fuere renovada, se extenderá la fianza en la proporción correspondiente. Se entiende, sin embargo, que esta prescripción estará sujeta al reglamento aduanero del país respectivo.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Convention with Norway to prevent smuggling of intoxicating liquors into United States.  
Preamble.

WHEREAS a Convention between the United States of America and Norway to aid in the prevention of the smuggling of intoxicating liquors into the United States was concluded and signed by their respective Plenipotentiaries at Washington, on the twenty-fourth day of May, one thousand nine hundred and twenty-four, the original of which Convention, being in the English and Norwegian languages, is word for word as follows:

Contracting Powers.

The President of the United States of America and His Majesty the King of Norway being desirous of avoiding any difficulties which might arise between them in connection with the laws in force in the United States on the subject of alcoholic beverages have decided to conclude a Convention for that purpose, and have appointed as their Plenipotentiaries:

Plenipotentiaries.

The President of the United States of America, Charles Evans Hughes, Secretary of State of the United States;

His Majesty the King of Norway, Helmer H. Bryn, His Envoy Extraordinary and Minister Plenipotentiary to the United States of America;

Who, having communicated their full powers found in good and due form, have agreed as follows:

ARTICLE I.

Territorial jurisdiction retained.

The High Contracting Parties respectively retain their rights and claims, without prejudice by reason of this agreement with respect to the extent of their territorial jurisdiction.

Amerikas Forente Staters President og Hans Majestet Norges Konge som ønsker å undgå de vanskeligheter som måtte opstå mellom dem som følge av de love som gjelder i de Forente Stater angående alkoholholdige drikkevarer, har besluttet sig til å avslutte en konvensjon i det øiemed og har opnevnt som sine befullmektigede:

Amerikas Forente Staters President: Charles Evans Hughes, de Forente Staters statssekretær;

Hans Majestet Norges Konge: Helmer H. Bryn, Hans overordentlige sendemann og befullmektigede minister i Amerikas Forente Stater;

hvilke, efter å ha meddelt hinannen sine fullmakter, som fandtes å være i god og behørig form, er kommet overens om

ARTIKKEL I.

De høie kontraherende parter bibeholder hver især sine rettigheter og krav uten prejudis som følge av denne overenskomst med hensyn til utstrekningen av deres territoriale jurisdiksjon.

## ARTICLE II.

(1) His Majesty agrees that he will raise no objection to the boarding of private vessels under the Norwegian flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

## ARTIKKEL II.

(1) Hans Majestet går med på et han ikke vil gjøre nogen innvendinger mot at myndigheter tilhørende de Forente Stater, deres territorier eller besiddelser går ombord i private skibe under norsk flagg utenfor sjøgrensen, forat spørsmål kan bli rettet til de ombordværende og undersøkelse av skibets papirer bli foretatt i det øiemed å bringe på det rene, hvorvidt skibet eller de ombord værende forsøker å innføre eller har innført alkoholholdige drikkevarer til de Forente Stater, deres territorier eller besiddelser under krenkelse av de love som der er gjeldende. Når sådanne spørsmål og sådan undersøkelse viser en rimelig grunn til mistanke, kan ransaking av skibet åpnes.

(2) Hvis der er rimelig grunn til å tro at skibet har begått eller begår eller forsøker å begå en forseelse mot de love i de Forente Stater, deres territorier eller besiddelser som forbyr innførsel av alkoholholdige drikkevarer, kan skibet beslaglegges og bringes til en havn i de Forente Stater, deres territorier eller besiddelser til rettslig avgjørelse i overensstemmelse med sådanne love.

(3) De rettigheter som er skapt ved denne artikkel skal ikke utøves i en større avstand fra de Forente Staters, deres territoriers eller besiddelsers kyst enn den, som kan tilbakelegges på en time av det skib som er mistenkt for forsøk på å begå forseelsen. I de tilfelle i hvilke drikkevarer er bestemt til å befordres til de Forente Stater, deres territorier eller besiddelser av et annet skib enn det som er bordet og ransaket, skal det dog være sådant annet skibs hurtiggående og ikke det bordet skibs hurtiggående som skal bestemme den avstand fra kysten hvortil retten ifølge denne artikkel kan utøves.

Boarding of private Norwegian vessels outside limits, for inquiry, etc., not objected to.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

Distance from coast limited for boarding, etc., vessels.

Extension if liquor conveyed by other vessel.

## ARTICLE III.

## ARTIKKEL III.

Liquors listed as sea stores or cargo for a foreign port not subjected to penalty, etc.

All sums of money which may be awarded by the Tribunal on account of any claim shall be paid within eighteen months after the date of the final award without interest and without deduction, save as hereafter specified. Each Government shall bear its own expenses. The expenses of the Tribunal shall be defrayed by a ratable deduction of the amount of the sums awarded by it, at a rate of five per cent. on such sums, or at such lower rate as may be agreed upon between the two Governments; the deficiency, if any, shall be defrayed in equal moieties by the two Governments.

Alle pengesummer som måtte bli idømt av domstolen på grunn av noget krav skal betales innen atten måneder etter datoen for den endelige kjennelse uten renter og uten fradrag, undtagen for såvidt angår hvad der i det følgende er spesifisert. Hver regjering skal bære sine egne utgifter. Domstolens utgiftee skal dekkes ved et proratarisk fradrag av beløpet i de summer som er idømt av domstolen, efter en sats av fem pro cent av sådanne summer, eller efter sådan lavere sats som de to regjeringer måtte bli enige om; i tilfelle av underskudd skal det manglende dekkes av de to regjeringer med en halvdel hver.

Hvis man ikke er kommet overens om sådanne forandringer før utløpet av den ovenfor nevnte frist av et år, skal traktaten bortfalle.

Hvis ingen notifikasjon er gitt fra nogen av siderne om at forandringer ønskes foreslått, skal traktaten forbli i kraft ennå et år og derefter videre av sig selv, men alltid med hensyn til hvert sådant tidsrum av et år underkastet hver av partenes rett til, således som foran fastsatt, å foreslå foran-

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Treaty with France relating to rights in Cameroons mandate. Preamble.

WHEREAS a Treaty between the United States of America and France, in regard to the rights of the two Governments and their respective nationals in that part of the former German Colony of the Cameroons over which a mandate was conferred upon France, was concluded and signed by their respective Plenipotentiaries at Paris on the thirteenth day of February, one thousand nine hundred and twenty-three, the original of which Treaty, being in the French and English languages, is word for word as follows:

CONVENTION BETWEEN THE UNITED STATES OF AMERICA AND FRANCE RELATING TO THE PART OF THE CAMEROONS UNDER FRENCH MANDATE

CONVENTION ENTRE LA FRANCE ET LES ÉTATS-UNIS D'AMÉRIQUE CONCERNANT LA PARTIE DU CAMEROUN PLACÉE SOUS MANDAT FRANÇAIS

THE PRESIDENT OF THE UNITED STATES OF AMERICA AND THE PRESIDENT OF THE FRENCH REPUBLIC,

LE PRÉSIDENT DE LA RÉPUBLIQUE FRANÇAISE ET LE PRÉSIDENT DES ÉTATS-UNIS D'AMÉRIQUE,

Rights renounced by Germany.

Whereas by Article 119 of the Treaty of Peace signed at Versailles the 28th of June, 1919, Germany renounced in favor of the Principal Allied and Associated Powers all her rights and titles over her oversea possessions; and

Considérant que, par l'Article 119 du Traité de paix signé à Versailles le 28 juin 1919, l'Allemagne a renoncé en faveur des principales Puissances Alliées et Associées à tous ses droits et titres sur ses possessions d'outre-mer;

Authority for mandate.

Whereas by Article 22 of the same instrument it was provided that certain territories which, as a result of the war, had ceased to be under the sovereignty of the States which formerly governed them, should be placed under the mandate of another Power, and that the terms of the mandate should be explicitly defined in each case by the Council of the League of Nations; and

Considérant que, par l'Article 22 dudit Traité, il a été stipulé que certains territoires qui, à la suite de la guerre, ont cessé d'être sous la souveraineté des États qui les gouvernaient précédemment, seraient placés sous le mandat d'une autre Puissance et que les conditions du mandat seraient expressément définies dans chaque cas par le Conseil de la Société de Nations;

Benefits confirmed by Treaty with Germany.

Whereas the benefits accruing under the aforesaid Article 119 of the Treaty of Versailles were confirmed to the United States by the Treaty between the United

Considérant que le bénéfice dudit Article 119 du Traité de Versailles a été reconnu aux États-Unis par le Traité conclu entre les États-Unis et l'Alle-

States and Germany, signed August 25, 1921, to restore friendly relations between the two nations; and

Whereas four of the Principal Allied and Associated Powers, to wit: the British Empire, France, Italy and Japan, agreed that France should exercise the mandate for part of the former German Colony of the Cameroons; and

Whereas the terms of the said mandate have been defined by the Council of the League of Nations as follows:

ARTICLE 1.—The territory for which a mandate is conferred upon France comprises that part of the Cameroons which lies to the east of the line laid down in the Declaration signed on July 10th, 1919, of which copy is annexed hereto.

This line may, however, be slightly modified by mutual agreement between His Britannic Majesty's Government and the Government of the French Republic where an examination of the localities shows that it is undesirable, either in the interest of the inhabitants or by reason of any inaccuracies in the map Moisel 1/300,000, annexed to the Declaration, to adhere strictly to the line laid down therein.

The delimitation on the spot of this line shall be carried out in accordance with the provisions of the said Declaration.

The final report of the Mixed Commission shall give the exact description of the boundary line as traced on the spot; maps signed by the Commissioners shall be annexed to the report. This report with its annexes shall be drawn up in triplicate; one of these shall be deposited in the archives of the League of Nations, one shall be kept by the Government of the Republic and one by His Britannic Majesty's Government.

ARTICLE 2.—The Mandatory shall be responsible for the peace, order and good government of the territory and for the promotion to the utmost of the material and moral well-being and the social progress of its inhabitants.

ARTICLE 3.—The Mandatory shall not establish in the territory any military or naval bases, nor erect any fortifications, nor organize any native military force except for local police purposes and for the defence of the territory.

It is understood, however, that the troops thus raised may, in the event of general war, be utilized to repel an

attaque, le 25 août 1921, pour rétablir les relations amicales entre les deux nations;

Considérant que quatre des principales Puissances Alliées et Associées, savoir l'Empire britannique, la France, l'Italie et le Japon, ont convenu que la France exercerait le mandat sur une partie de l'ancienne colonie allemande du Cameroun;

Considérant que les conditions de ce mandat ont été définies comme suit par le Conseil de la Société des Nations:

ARTICLE 1<sup>er</sup>.—Les territoires dont la France assume l'administration sous le régime du mandat comprennent la partie du Cameroun qui est située à l'est de la ligne fixée dans la Déclaration, signée le 10 juillet 1919, dont une copie est ci-annexée.

Cette ligne pourra, toutefois, être légèrement modifiée par accord intervenant entre le Gouvernement de Sa Majesté britannique et le Gouvernement de la République française, sur les points où, soit dans l'intérêt des habitants, soit par suite de l'inexactitude de la carte Moisel au 1/300.000 annexée à la Déclaration, l'examen des lieux ferait reconnaître comme indésirable de s'en tenir exactement à la ligne indiquée.

La délimitation sur le terrain de ces frontières sera effectuée conformément aux dispositions de ladite Déclaration.

Le rapport final de la Commission mixte donnera la description exacte de la frontière telle que celle-ci aura été déterminée sur le terrain; les cartes signées par les commissaires seront jointes au rapport. Ce document, avec ses annexes, sera établi en triple exemplaire; l'un des originaux sera déposé dans les archives de la Société des Nations, le deuxième sera conservé par le Gouvernement de la République et le troisième par le Gouvernement de Sa Majesté britannique.

ARTICLE 2.—Le Mandataire sera responsable de la paix, du bon ordre et de la bonne administration du territoire, accroîtra par tous les moyens en son pouvoir le bien-être matériel et moral et favorisera le progrès social des habitants.

ARTICLE 3.—Le Mandataire ne devra établir sur le territoire aucune base militaire ou navale, ni édifier aucune fortification, ni organiser aucune force militaire indigène sauf pour assurer la police locale et la défense du territoire.

Toutefois, il est entendu que les troupes ainsi levées peuvent, en cas de guerre générale, être utilisées pour re-

Mandate—Contd.

attack or for defence of the territory outside that subject to the mandate.

ARTICLE 4.—The Mandatory:

1° Shall provide for the eventual emancipation of all slaves, and for as speedy an elimination of domestic and other slavery as social conditions will allow;

2° Shall suppress all forms of slave trade;

3° Shall prohibit all forms of forced or compulsory labor, except for essential public works and services, and then only in return for adequate remuneration;

4° Shall protect the natives from measures of fraud and force by the careful supervision of labor contracts and the recruiting of labor;

5° Shall exercise a strict control over the traffic in arms and ammunition and the sale of spirituous liquors.

ARTICLE 5.—In the framing of laws relating to the holding or transference of land, the Mandatory shall take into consideration native laws and customs, and shall respect the rights and safeguard the interests of the native population.

No native land may be transferred, except between natives, without the previous consent of the public authorities, and no real rights over native land in favor of non-natives may be created except with the same consent.

The Mandatory shall promulgate strict regulations against usury.

ARTICLE 6.—The Mandatory shall secure to all nationals of States Members of the League of Nations the same rights as are enjoyed in the territory by his own nationals in respect of entry into and residence in the territory, the protection afforded to their person and property, movable and immovable, and the exercise of their profession or trade, subject only to the requirements of public order, and on condition of compliance with the local law.

Further, the Mandatory shall ensure to all nationals of States Members of the League of Nations, on the same footing as his own nationals, freedom of transit and navigation, and complete economic, commercial and industrial equality; provided that the Mandatory shall be free to organize essential public works and services on such terms and conditions as he thinks just.

Concessions for the development of the natural resources of the territory shall be granted by the Mandatory without distinction on grounds of nationality between the nationals of all States Members of the League of Na-

pousser une agression ou pour la défense du territoire en dehors de la région soumise au mandat.

ARTICLE 4.—La Puissance mandataire devra:

1° Pourvoir à l'émancipation éventuelle de tous esclaves et, dans un délai aussi court que les conditions sociales le permettront, faire disparaître tout esclavage domestique ou autre;

2° Supprimer toute forme de commerce d'esclaves;

3° Interdire tout travail forcé ou obligatoire, sauf pour les travaux et services publics essentiels et sous condition d'une équitable rémunération;

4° Protéger les indigènes contre la fraude et la contrainte, par une surveillance attentive des contrats de travail et du recrutement des travailleurs;

5° Exercer un contrôle sévère sur le trafic des armes et munitions, ainsi que sur le commerce des spiritueux.

ARTICLE 5.—La Puissance mandataire devra, dans l'établissement des règles relatives à la tenure du sol et au transfert de la propriété foncière, prendre en considération les lois et les coutumes indigènes, respecter les droits et sauvegarder les intérêts des indigènes.

Aucune propriété foncière indigène ne pourra faire l'objet d'un transfert, excepté entre indigènes, sans avoir reçu au préalable l'approbation de l'autorité publique. Aucun droit réel ne pourra être constitué sur un bien foncier indigène en faveur d'un non-indigène, si ce n'est avec la même approbation.

La Puissance mandataire édictera des règles sévères contre l'usure.

ARTICLE 6.—La Puissance mandataire assurera à tous les ressortissants des États Membres de la Société des Nations les mêmes droits qu'à ses propres ressortissants, en ce qui concerne leur accès et leur établissement dans le territoire, la protection de leurs personnes et de leurs biens, l'acquisition des propriétés mobilières et immobilières, l'exercice de leur profession ou de leur industrie, sous réserve des nécessités d'ordre public et de l'observation de la législation locale.

La Puissance mandataire pratiquera, en outre, à l'égard de tous les ressortissants des États Membres de la Société des Nations et dans les mêmes conditions qu'à l'égard de ses propres ressortissants, la liberté du transit et de la navigation et une complète égalité économique, commerciale et industrielle, excepté pour les travaux et services publics essentiels, qu'elle reste libre d'organiser dans les termes et conditions qu'elle estime justes.

Les concessions pour le développement des ressources naturelles du territoire seront accordées par le Mandataire sans distinction de nationalité entre les ressortissants des États Membres de la Société des Nations, mais de

tions, but on such conditions as will maintain intact the authority of the local Government.

Concessions having the character of a general monopoly shall not be granted. This provision does not affect the right of the Mandatory to create monopolies of a purely fiscal character in the interest of the territory under mandate and in order to provide the territory with fiscal resources which seem best suited to the local requirements; or, in certain cases, to carry out the development of natural resources, either directly by the State or by a controlled agency, provided that there shall result therefrom no monopoly of the natural resources for the benefit of the Mandatory or his nationals, directly or indirectly, nor any preferential advantage which shall be inconsistent with the economic, commercial and industrial equality hereinbefore guaranteed.

The rights conferred by this article extend equally to companies and associations organized in accordance with the law of any of the Members of the League of Nations, subject only to the requirements of public order, and on condition of compliance with the local law.

ARTICLE 7.—The Mandatory shall ensure in the territory complete freedom of conscience and the free exercise of all forms of worship which are consonant with public order and morality; missionaries who are nationals of States Members of the League of Nations shall be free to enter the territory and to travel and reside therein, to acquire and possess property, to erect religious buildings and to open schools throughout the territory; it being understood, however, that the Mandatory shall have the right to exercise such control as may be necessary for the maintenance of public order and good government, and to take all measures required for such control.

ARTICLE 8.—The Mandatory shall apply to the territory any general international conventions applicable to his contiguous territory.

ARTICLE 9.—The Mandatory shall have full powers of administration and legislation in the area subject of the mandate. This area shall be administered in accordance with the laws of the Mandatory as an integral part of his territory and subject to the above provisions.

The Mandatory shall therefore be at liberty to apply his laws to the territory subject to the mandate with such modifications as may be required by local conditions, and to constitute the territory into a customs, fiscal or ad-

manière à maintenir intacte l'autorité du gouvernement local.

Mandate—Contd.

Il ne sera pas accordé de concession ayant le caractère d'un monopole général. Cette clause ne fait pas obstacle au droit du Mandataire de créer des monopoles d'un caractère purement fiscal dans l'intérêt du territoire soumis au mandat et en vue de procurer au territoire les ressources fiscales paraissant le mieux s'adapter aux besoins locaux, ou, dans certains cas, de développer les ressources naturelles, soit directement par l'État, soit par un organisme soumis à son contrôle, sous cette réserve qu'il n'en résultera directement ou indirectement aucun monopole des ressources naturelles au bénéfice du Mandataire ou de ses ressortissants, ni aucun avantage préférentiel qui serait incompatible avec l'égalité économique, commerciale et industrielle ci-dessus garantie.

Les droits conférés par le présent article s'étendent également aux sociétés et associations organisées suivant les lois des États Membres de la Société des Nations, sous réserve seulement des nécessités d'ordre public et de l'observation de la législation locale.

4. Il est entendu que si les habitants fixés près de la frontière exprimaient dans un délai de six mois à partir de l'achèvement des opérations d'abornement sur place, l'intention de s'établir dans les régions placées sous l'autorité française, ou inversement dans les régions placées sous l'autorité britannique, aucun empêchement ne serait apporté à la réalisation de ce désir et il leur serait accordé le délai nécessaire pour enlever les récoltes sur pied et, d'une façon générale, pour emporter tous les biens dont ils sont les propriétaires légitimes.

THE PRESIDENT OF THE UNITED STATES OF AMERICA AND THE PRESIDENT OF THE FRENCH REPUBLIC,

LE PRÉSIDENT DE LA RÉPUBLIQUE FRANÇAISE ET LE PRÉSIDENT DES ÉTATS-UNIS D'AMÉRIQUE,

Rights renounced by Germany.

Whereas by article 119 of the Treaty of Peace signed at Versailles the 28th of June, 1919, Germany renounced in favor of the Principal Allied and Associated Powers all her rights and titles over her oversea possessions; and

Considérant que, par l'Article 119 du Traité de paix signé à Versailles le 28 juin 1919, l'Allemagne a renoncé en faveur des principales Puissances Alliées et Associées à tous ses droits et titres sur ses possessions d'outre-mer;

Authority for mandate.

Whereas by Article 22 of the same instrument it was provided that certain territories, which as a result of the war had ceased to be under the sovereignty of the States which formerly governed them, should be placed under the mandate of another Power, and that the terms of the mandate should be explicitly defined in each case by the Council of the League of Nations; and

Considérant que, par l'Article 22 dudit Traité, il a été stipulé que certains territoires qui, à la suite de la guerre, ont cessé d'être sous la souveraineté des États qui les gouvernaient précédemment, seraient placés sous le mandat d'une autre Puissance et que les conditions du mandat seraient expressément définies dans chaque cas par le Conseil de la Société de Nations;

Benefits confirmed by Treaty between United States and Germany. Vol. 42, p. 1939.

Whereas the benefits accruing under the aforesaid Article 119 of the Treaty of Versailles were confirmed to the United States by the Treaty between the United States and Germany, signed Au-

Considérant que le bénéfice dudit Article 119 du Traité de Versailles a été reconnu aux États-Unis par le Traité conclu entre les États-Unis et l'Allemagne, le 25 août 1921, pour

gust 25, 1921, to restore friendly relations between the two nations; and

Whereas four of the Principal Allied and Associated Powers, to wit: the British Empire, France, Italy and Japan, agreed that France should exercise the mandate for part of the former German Colony of Togoland; and

Whereas the terms of the said mandate have been defined by the Council of the League of Nations as follows:

ARTICLE 1.—The territory over which a mandate is conferred upon France comprises that part of Togoland which lies to the east of the line laid down in the Declaration signed on July 10, 1919, of which a copy is annexed hereto.

This line may, however, be slightly modified by mutual agreement between His Britannic Majesty's Government and the Government of the French Republic where an examination of the localities shows that it is undesirable, either in the interests of the inhabitants or by reason of any inaccuracies in the map, Sprigade 1 : 200,000, annexed to the Declaration, to adhere strictly to the line laid down therein.

The delimitation on the spot of this line shall be carried out in accordance with the provisions of the said Declaration.

The final report of the Mixed Commission shall give the exact description of the boundary line as traced on the spot; maps signed by the Commissioners shall be annexed to the report. This report with its annexes shall be drawn up in triplicate: one of these shall be deposited in the archives of the League of Nations, one shall be kept by the Government of the Republic and one by His Britannic Majesty's Government.

ARTICLE 2.—The Mandatory shall be responsible for the peace, order and good government of the territory and for the promotion to the utmost of the material and moral well-being and the social progress of its inhabitants.

ARTICLE 3.—The Mandatory shall not establish in the territory any military or naval bases, nor erect any fortifications, nor organize any native military force except for local police purposes and for the defence of the territory.

It is understood, however, that the troops thus raised may, in the event of general war, be utilized to repel an attack or for the defence of the territory outside that subject to the mandate.

rétablir les relations amicales entre les deux nations;

Considérant que quatre des principales Puissances Alliées et Associées, savoir l'Empire britannique, la France, l'Italie et le Japon, ont convenu que la France exercerait le mandat sur une partie de l'ancienne colonie allemande du Togo;

Considérant que les conditions de ce mandat ont été définies comme suit par le Conseil de la Société des Nations;

ARTICLE 1<sup>er</sup>.—Les territoires dont la France assume l'administration sous le régime du mandat comprennent la partie du Togo qui est située à l'est de la ligne fixée dans la Déclaration, signée le 10 juillet 1919, dont une copie est ci-annexée.

Cette ligne pourra toutefois être légèrement modifiée par accord intervenant entre le Gouvernement de Sa Majesté britannique et le Gouvernement de la République française, sur les points où, soit dans l'intérêt des habitants, soit par suite de l'inexactitude de la carte Sprigade au 1 : 200,000, annexée à la Déclaration, l'examen des lieux ferait reconnaître comme indésirable de s'en tenir exactement à la ligne indiquée.

La délimitation sur le terrain de ces frontières sera effectuée conformément aux dispositions de la dite Déclaration.

Le rapport final de la commission mixte donnera la description exacte de la frontière telle que celle-ci aura été déterminée sur le terrain; les cartes signées par les commissaires seront jointes au rapport. Ce document, avec ses annexes, sera établi en triple exemplaire; l'un des originaux sera déposé dans les archives de la Société des Nations, le deuxième sera conservé par le Gouvernement de la République et le troisième par le Gouvernement de Sa Majesté britannique.

ARTICLE 2.—Le Mandataire sera responsable de la paix, du bon ordre et de la bonne administration du territoire, accroîtra par tous les moyens en son pouvoir le bien-être matériel et moral et favorisera le progrès social des habitants.

ARTICLE 3.—Le Mandataire ne devra établir sur le territoire aucune base militaire ou navale, ni édifier aucune fortification, ni organiser aucune force militaire indigène sauf pour assurer la police locale et la défense du territoire.

Toutefois, il est entendu que les troupes ainsi levées peuvent, en cas de guerre générale, être utilisées pour repousser une agression ou pour la défense du territoire en dehors de la région soumise au mandat.

Mandate—Contd.

## ARTICLE 4.—The Mandatory:

1. Shall provide for the eventual emancipation of all slaves, and for as speedy an elimination of domestic and other slavery as social conditions will allow;

2. Shall suppress all forms of slave trade;

3. Shall prohibit all forms of forced or compulsory labor, except for essential public works and services, and then only in return for adequate remuneration;

4. Shall protect the natives from measures of fraud and force by the careful supervision of labor contracts and the recruiting of labor;

5. Shall exercise a strict control over the traffic in arms and ammunition and the sale of spirituous liquors.

ARTICLE 5.—In the framing of laws relating to the holding or transfer of land, the Mandatory shall take into consideration native laws and customs, and shall respect the rights and safeguard the interests of the native population.

No native land may be transferred, except between natives, without the previous consent of the public authorities, and no real rights over native land in favor of non-natives may be created except with the same consent.

The Mandatory shall promulgate strict regulations against usury.

ARTICLE 6.—The mandatory shall secure to all nationals of States Members of the League of Nations, the same rights as are enjoyed in the territory by his own nationals in respect of entry into and residence in the territory, the protection afforded to their person and property, and acquisition of property, movable and immovable, and the exercise of their profession or trade, subject only to the requirements of public order, and on condition of compliance with the local law.

Further, the Mandatory shall ensure to all nationals of States members of the League of Nations, on the same footing as to his own nationals, freedom of transit and navigation, and complete economic, commercial and industrial equality; except that Mandatory shall be free to organize essential public works and services on such terms and conditions as he thinks just.

Concessions for the development of the natural resources of the territory shall be granted by the Mandatory without distinction on grounds of Nationality between the nationals of all States Members of the League of Nations, but on such conditions as will maintain intact the authority of the local Government.

ARTICLE 4.—La Puissance mandataire devra:

1° Pourvoir à l'émancipation éventuelle de tous esclaves et, dans un délai aussi court que les conditions sociales le permettront, faire disparaître tout esclavage domestique ou autre;

2° Supprimer toute forme de commerce d'esclaves;

3° Interdire tout travail forcé ou obligatoire, sauf pour les travaux et services publics essentiels et sous condition d'une équitable rémunération;

4° Protéger les indigènes contre la fraude et la contrainte, par une surveillance attentive des contrats de travail et du recrutement des travailleurs;

5° Exercer un contrôle sévère sur le trafic des armes et munitions, ainsi que sur le commerce des spiritueux.

ARTICLE 5.—La puissance mandataire devra, dans l'établissement des règles relatives à la tenure du sol et au transfert de la propriété foncière, prendre en considération les lois et les coutumes indigènes, respecter les droits et sauvegarder les intérêts des indigènes.

Aucune propriété foncière indigène ne pourra faire l'objet d'un transfert, excepté entre indigènes, sans avoir reçu au préalable l'approbation de l'autorité publique. Aucun droit réel ne pourra être constitué sur un bien foncier indigène en faveur d'un non-indigène, si ce n'est avec la même approbation.

La Puissance mandataire édictera des règles sévères contre l'usure.

ARTICLE 6.—La puissance mandataire assurera à tous les ressortissants des États membres de la Société des Nations les mêmes droits qu'à ses propres ressortissants, en ce qui concerne leur accès et leur établissement dans le territoire, la protection de leurs personnes et de leurs biens, l'acquisition des propriétés mobilières et immobilières, l'exercice de leur profession ou leur industrie, sous réserve des nécessités d'ordre public et de l'observation de la législation locale.

La Puissance mandataire pratiquera en outre, à l'égard de tous les ressortissants des États Membres de la Société des Nations et dans les mêmes conditions qu'à l'égard de ses propres ressortissants, la liberté du transit et de la navigation et une complète égalité économique, commerciale et industrielle, excepté pour les travaux et services publics essentiels, qu'elle reste libre d'organiser dans les termes et conditions qu'elle estime justes.

Les concessions pour le développement des ressources naturelles du territoire seront accordées par le Mandataire, sans distinction de nationalité entre les ressortissants des États Membres de la Société des Nations, mais de manière à maintenir intacts l'autorité du Gouvernement local.

Concessions having the character of a general monopoly shall not be granted. This provision does not affect the right of the Mandatory to create monopolies of a purely fiscal character in the interest of the territory under mandate and in order to provide the territory with fiscal resources which seem best suited to the local requirements; or, in certain cases, to carry out the development of natural resources, either directly by the State or by a controlled agency, provided that there shall result therefrom no monopoly of the natural resources for the benefit of the Mandatory or his nationals, directly or indirectly, nor any preferential advantage which shall be inconsistent with the economic, commercial and industrial equality hereinbefore guaranteed.

The rights conferred by this article extend equally to companies and associations organized in accordance with the law of any of the Members of the League of Nations, subject only to the requirements of public order, and on condition of compliance with the local law.

ARTICLE 7.—The Mandatory shall ensure in the territory complete freedom of conscience and the free exercise of all forms of worship which are consonant with public order and morality; missionaries who are nationals of States Members of the League of Nations shall be free to enter the territory and to travel and reside therein, to acquire and possess property, to erect religious buildings and to open schools throughout the territory; it being understood, however, that the Mandatory shall have the right to exercise such control as may be necessary for the maintenance of public order and good government, and to take all measures required for such control.

ARTICLE 8.—The Mandatory shall apply to the territory any general international conventions applicable to his contiguous territory.

ARTICLE 9. The Mandatory shall have full powers of administration and legislation in the area subject to the mandate. This area shall be administered in accordance with the laws of the Mandatory as an integral part of his territory and subject to the above provisions.

The Mandatory shall therefore be at liberty to apply his laws to the territory subject to the mandate, with such modifications as may be required by local conditions, and to constitute the territory into a customs, fiscal, or administrative union or federation with the adjacent territories under his sovereignty or control, provided always that the measures adopted to that end do not infringe the provisions of this mandate.

Il ne sera pas accordé de concession ayant le caractère d'un monopole général. Cette clause ne fait pas obstacle au droit du Mandataire de créer des monopoles d'un caractère purement fiscal dans l'intérêt du territoire soumis au mandat et en vue de procurer au territoire les ressources fiscales paraissant le mieux s'adapter aux besoins locaux, ou, dans certains cas, de développer des ressources naturelles, soit directement par l'État, soit par un organisme soumis à son contrôle, sous cette réserve qu'il n'en résultera directement ou indirectement aucun monopole des ressources naturelles au bénéfice de Mandataire ou de ses ressortissants, ni aucun avantage préférentiel qui serait incompatible avec l'égalité économique, commerciale et industrielle ci-dessus garantie.

Les droits conférés par le présent article s'étendent également aux sociétés et associations organisées suivant les lois des États Membres de la Société des Nations, sous réserve seulement des nécessités d'ordre public et de l'observation de la législation locale.

ARTICLE 7.—La Puissance mandataire assurera, dans l'étendue du territoire, la pleine liberté de conscience et le libre exercice de tous les cultes, qui ne sont contraires ni à l'ordre public, ni aux bonnes mœurs; elle donnera à tous les missionnaires ressortissants de tout État Membre de la Société des Nations la faculté de pénétrer, de circuler et de résider dans le territoire, d'y acquérir et posséder des propriétés, d'y élever des bâtiments dans un but religieux et d'y ouvrir des écoles, étant entendu, toutefois, que le Mandataire aura le droit d'exercer tel contrôle qui pourra être nécessaire pour le maintien de l'ordre public et d'une bonne administration et de prendre à cet effet toutes mesures utiles.

ARTICLE 8.—La Puissance mandataire étendra aux territoires le bénéfice des conventions internationales générales, applicables à ses territoires limitrophes.

ARTICLE 9.—La Puissance mandataire aura pleins pouvoirs d'administration et de législation sur les contrées faisant l'objet du mandat. Ces contrées seront administrées selon la législation de la Puissance mandataire comme partie intégrante de son territoire et sous réserve des dispositions qui précèdent.

La Puissance mandataire est, en conséquence, autorisée à appliquer aux régions soumises au mandat sa législation, sous réserve des modifications exigées par les conditions locales, et à constituer ces territoires en unions ou fédérations douanières, fiscales ou administratives avec les territoires avoisinants, relevant de sa propre souveraineté ou placés sous son contrôle, à condition que les mesures adoptées à ces fins ne portent pas atteinte aux dispositions du présent mandat.

## Mandate—Contd.

ARTICLE 10.—The Mandatory shall make to the Council of the League of Nations an annual report to the satisfaction of the Council. This report shall contain full information concerning the measures taken to apply the provisions of this mandate.

ARTICLE 11.—The consent of the Council of the League of Nations is required for any modification of the terms of the present mandate.

ARTICLE 12.—The Mandatory agrees that, if any dispute whatever should arise between the Mandatory and another Member of the League of Nations relating to the interpretation or the application of the provisions of the mandate, such dispute, if it cannot be settled by negotiation, shall be submitted to the Permanent Court of International Justice provided for by Article 14 of the Covenant of the League of Nations,

ARTICLE 10.—La Puissance mandataire, présentera au Conseil de la Société des Nations un rapport annuel répondant à ses vues. Ce rapport devra contenir tous renseignements sur les mesures prises en vue d'appliquer les dispositions du présent mandat.

ARTICLE 11.—Toute modification apportée aux termes du présent mandat devra être approuvée au préalable par le Conseil de la Société des Nations.

ARTICLE 12.—Le Mandataire accepte que tout différend, quel qu'il soit, qui viendrait à s'élever entre lui et un autre Membre de la Société des Nations, relatif à l'interprétation ou à l'application des dispositions du mandat et qui ne soit pas susceptible d'être réglé par des négociations, soit soumis à la Cour permanente de Justice internationale, prévue par l'Article 14 du Pacte de la Société des Nations.

Les commissaires chargés de l'abornement seront, d'autre part, autorisés à apporter au tracé de la frontière les modifications légères qui apparaîtraient nécessaires en vue d'éviter de séparer les villages de leurs terrains de culture; ces déviations devront être indiquées clairement sur des cartes spéciales et soumises à l'approbation des deux gouvernements intéressés. Toutefois, en attendant qu'elles soient approuvées, elles seront provisoirement valables et par suite respectées.

2° En ce qui concerne les routes désignées à l'Article 1, les seules qui puissent être prises en considération pour l'établissement de la frontière sont celles indiquées sur la carte ci-jointe (1).

3° Quand la ligne frontière suit un cours d'eau, c'est la ligne médiane qui forme la limite.

4° Il est entendu que, si les habitants fixés près de la frontière exprimaient, dans un délai de six mois à partir de l'achèvement des opérations d'abornement sur place, l'intention de s'établir dans les régions placées sous l'autorité française, ou inversement dans les régions placées sous l'autorité britannique, aucun empêchement ne serait apporté à réalisation de ce désir, et il leur serait accordé le délai nécessaire pour enlever les récoltes sur pied, et, d'une façon générale, pour emporter tous les biens dont ils sont les propriétaires légitimes.

**Renewal of licenses.**

If such regulations should permit the renewal of licenses, the corresponding fee will not be greater than that charged for the original license.

**ARTICULO II**

La nacionalidad de la casa representada, y no del agente viajero que la representa, será la que rija para la expedición del certificado de identidad.

A fin de obtener resultados prácticos, las Altas Partes Contratantes convienen en facultar a las autoridades aduaneras locales para expedir las licencias citadas, previa entrega del certificado de identidad y de la lista certificada de muestras, en representación de la oficina central encargada de expedir y reglamentar las licencias. Las citadas autoridades remitirán a dicha oficina central, sin pérdida de tiempo, los documentos correspondientes, debiendo notificar a ésta el cesionario, después de hecha la remisión, su propósito de pedir la renovación o el traspaso de su licencia, en caso de permitirse estos actos, o la cancelación de su fianza al salir del país. Territorial jurisdiction retained.

## ARTICLE II.

## ARTIKEL II.

Boarding of private Danish vessels outside limits, for inquiry, etc., not objected to.

(1) His Majesty the King of Denmark and Iceland agrees that he will raise no objection to the boarding of private vessels under the Danish flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

Distance from coast limited for boarding, etc., vessels.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

Extension if liquor conveyed by other vessel.

(1) Hans Majestaet Kongen af Danmark og Island samtykker i ikke at ville rejse nogen Indvending mod, at Myndigheder i de amerikanske Forenede Stater, dets Territorier eller Besiddelser, gaar ombord i private Fartøjer under dansk Flag udenfor Søterrioriets Graenser for at rette Forespørgsler til de ombordvaerende og undersøge Skibspapirerne med det Formaal at bringe paa det rene, om Fartøjet eller der ombordvaerende gør Forsøg paa at indføre eller har indført spirituøse Drikke til de amerikanske Forenede Stater, dets Territorier eller Besiddelser, i Strid med de dér gældende Love. Saafremt saadanne Forespørgsler eller Undersøgelser giver rimelig Grund til Mistanke, kan en Ransagning af Fartøjet indledes.

(2) Hvis der foreligger rimelig Grund til at antage, at Fartøjet har begaaet eller er i Faerd med at begaa eller forsøger at begaa en Overtraedelse af de i de amerikanske Forenede Stater, dets Territorier eller Besiddelser gældende Love mod Indførsel af spirituøse Drikke, kan Fartøjet beslaglægges og indbringes til en Havn i de amerikanske Forenede Stater, dets Territorier eller Besiddelser, til Retsforfølgning i Medfør af saadanne Love.

(3) De ifølge denne Artikel indrømmede Beføjelser skal ikke kunne udøves i større Afstand fra de amerikanske Forenede Staters, dets Territorier eller Besiddelsers Kyst, end det for Forsøg paa Overtraedelse mistaenkte Fartøj kan tilbagelægge i een Time. I saadanne Tilfaelde, i hvilke Alkohol agtes transporteret til de amerikanske Forenede Stater, dets Territorier eller Besiddelser, af et andet Fartøj end det, der er blevet bordet og ransaget, skal det vaere Hastigheden af dette andet Fartøj og ikke Hastigheden af det bordede Fartøj, der skal vaere afgørende for den Afstand fra Kysten, indenfor hvilken Beføjelserne i Medfør af denne Artikel kan udøves.

## ARTICLE III.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board Danish vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the Pacific Settlement of International Disputes, concluded at The Hague, October

## ARTIKEL III.

Straf eller Konfiskation i Medfør af de amerikanske Forenede Staters Love skal ikke bringes til Anvendelse overfor spirituøse Drikke eller Fartøjer eller Personer som Følge af Transport af saadanne Drikke, naar disse er opført som Skibsforraad eller som Ladning bestemt for en Havn udenfor de amerikanske Forenede Stater, dets Territorier eller Besiddelser, ombord paa danske Fartøjer paa Rejse til eller fra Havne i de amerikanske Forenede Stater, dets Territorier eller Besiddelser, eller gennem disses Søterritorier, og saadan Transport skal vaere underkastet de nu gaeldende Love med Hensyn til Transit af spirituøse Drikke gennem Panama Kanalen, forudsat at de spirituøse Drikke til Stadighed skal opbevares under Segl, saalaenge Fartøjet, paa hvilket de transporteres, forbliver indenfor naevnte Søterritorier, og forudsat, at ingen Del af saadanne spirituøse Drikke skal paa noget Tidspunkt eller paa noget Sted afskibes indenfor de amerikanske Forenede Stater, dets Territorier eller Besiddelser.

A PROCLAMATION

WHEREAS a Convention between the United States of America and the French Republic respecting the rights of the two governments and their respective nationals in Syria and the Lebanon, over which a mandate was conferred upon the Government of France was concluded and signed by their respective Plenipotentiaries at Paris on the fourth day of April, one thousand nine hundred and twenty-four, the original of which Convention, being in the French and English languages, is word for word as follows:

Convention with France relating to rights in Syria and the Lebanon mandate Preamble.

CONVENTION  
BETWEEN  
THE UNITED STATES OF  
AMERICA AND FRANCE  
REGARDING  
THE MANDATE FOR SYRIA  
AND THE LEBANON

CONVENTION  
ENTRE  
LES ÉTATS-UNIS D'AMÉRI-  
QUE ET LA FRANCE  
CONCERNANT  
LE MANDAT POUR LA  
SYRIE ET LE LIBAN

THE PRESIDENT OF THE  
UNITED STATES OF AMER-  
ICA AND THE PRESIDENT  
OF THE FRENCH REPUBLIC,

LE PRÉSIDENT DES  
ÉTATS-UNIS D'AMÉRIQUE  
ET LE PRÉSIDENT DE LA  
RÉPUBLIQUE FRANÇAISE,

Whereas by the Treaty of Peace concluded with the Allied Powers, Turkey renounces all her rights and titles over Syria and the Lebanon, and,

Considérant que par le Traité de Paix conclu avec les Puissances Alliées la Turquie renounce à tous ses droits et titres sur la Syrie et le Liban;

Rights renounced by Turkey.

Whereas Article 22 of the Covenant of the League of Nations in the Treaty of Versailles provides that in the case of certain territories which as a consequence of the late war ceased to be under the sovereignty of the states which formerly governed them, mandates should be issued and that the terms of the mandate should be explicitly defined in each case by the Council of the League, and,

Considérant que l'article 22 du Pacte de la Société des Nations inséré dans le Traité de Versailles a stipulé que des mandats seraient établis pour certains territoires qui, comme conséquence de la dernière guerre, ont cessé d'être sous la souveraineté des États qui les gouvernaient précédemment, et que les termes de ces mandats seraient expressément définis, dans chaque cas, par le Conseil de la Société des Nations;

Authority for mandate.

Whereas the Principal Allied Powers have agreed to entrust the mandate for Syria and the Lebanon to France, and,

Considérant que les principales Puissances Alliées ont convenu de confier à la France le mandat pour la Syrie et le Liban;

Agreement to mandate of France.

Whereas the terms of the said mandate have been defined by the Council of the League of Nations as follows:

Terms of mandate.

ARTICLE 1.—The Mandatory shall frame, within a period of three years from the coming into force of this mandate, an organic law for Syria and the Lebanon.

This organic law shall be framed in agreement with the native authorities and shall take into account the rights, interests, and wishes of all the population inhabiting the said territory. The Mandatory shall further enact measures to facilitate the progressive development of Syria and the Lebanon as independent States. Pending the coming into effect of the organic law, the government of Syria and the Lebanon shall be conducted in accordance with the spirit of this mandate.

The Mandatory shall, as far as circumstances permit, encourage local autonomy.

ARTICLE 2.—The Mandatory may maintain its troops in the said territory for its defence. It shall further be empowered, until the entry into force of the organic law and the re-establishment of public security, to organise such local militia as may be necessary for the defence of the territory, and to employ this militia for defence and also for the maintenance of order. These local forces may only be recruited from the inhabitants of the said territory.

The said militia shall thereafter be under the local authorities, subject to the authority and the control which the Mandatory shall retain over these forces. It shall not be used for purposes other than those above specified save with the consent of the Mandatory.

Nothing shall preclude Syria and the Lebanon from contributing to the cost of the maintenance of the forces of the Mandatory stationed in the territory.

The Mandatory shall at all times possess the right to make use of the ports, railways and means of communication of Syria and the Lebanon for the passage of its troops and of all materials, supplies and fuel.

ARTICLE 3.—The Mandatory shall be entrusted with the exclusive control of the foreign relations of Syria and the Lebanon and with the right to issue *exequaturs* to the consuls appointed by foreign Powers. Nationals of Syria and the Lebanon living outside the limits of the territory shall be under the diplomatic and consular protection of the Mandatory.

ARTICLE 4.—The Mandatory shall be responsible for seeing that no part of the territory of Syria and the Lebanon is ceded or leased or in any way placed under the control of a foreign Power.

Considérant que les termes de ce mandat ont été définis comme suit par le Conseil de la Société des Nations:

ARTICLE PREMIER.—Le Mandataire élaborera, dans un délai de trois ans à dater de l'entrée en application du présent mandat, un statut organique pour la Syrie et le Liban.

Ce statut organique sera préparé d'accord avec les autorités indigènes et tiendra compte des droits, intérêts et vœux de toutes les populations habitant lesdits territoires. Il édictera les mesures propres à faciliter le développement progressif de la Syrie et du Liban comme États indépendants. En attendant la mise en vigueur du statut organique, l'administration de la Syrie et du Liban sera conduite en accord avec l'esprit du présent mandat.

Le Mandataire favorisera les autonomies locales dans toute la mesure où les circonstances s'y prêteront.

ARTICLE 2.—Le Mandataire pourra maintenir ses troupes dans lesdits territoires en vue de leur défense. Il pourra, jusqu'à la mise en vigueur du statut organique et du rétablissement de la sécurité publique, organiser les milices locales nécessaires à la défense de ces territoires et les employer à cette défense ainsi qu'au maintien de l'ordre. Ces forces locales ne seront recrutées que parmi les habitants desdits territoires.

Lesdites milices relèveront ensuite des pouvoirs locaux sous réserve de l'autorité et du contrôle que le Mandataire devra conserver sur ces forces. Elles ne pourront être utilisées à d'autres fins que celles énoncées ci-dessus, à moins que le Mandataire ne l'autorise.

Rien n'empêchera la Syrie et le Liban de participer aux frais d'entretien des forces du Mandataire stationnées sur le territoire.

Le Mandataire disposera en tout temps du droit d'utiliser les ports, voies ferrées et moyens de communication de la Syrie et du Liban pour le passage de ses troupes et de tous matériel, approvisionnements et combustibles.

ARTICLE 3.—Les relations extérieures de la Syrie et du Liban, ainsi que la délivrance des *exequatur* aux consuls des Puissances étrangères, seront du ressort exclusif du Mandataire. Les ressortissants de la Syrie et du Liban se trouvant hors des limites de ces territoires relèveront de la protection diplomatique et consulaire du Mandataire.

ARTICLE 4.—Le Mandataire garantit la Syrie et le Liban contre toute perte ou prise à bail de tout ou partie des territoires et contre l'établissement de tout contrôle d'une Puissance étrangère.

**ARTICLE 5.**—The privileges and immunities of foreigners, including the benefits of consular jurisdiction and protection as formerly enjoyed by Capitulation or usage in the Ottoman Empire, shall not be applicable in Syria and the Lebanon. Foreign consular tribunals shall, however, continue to perform their duties until the coming into force of the new legal organisation provided for in Article 6.

Unless the Powers whose nationals enjoyed the afore-mentioned privileges and immunities on August 1st, 1914, shall have previously renounced the right to their re-establishment, or shall have agreed to their non-application during a specified period, these privileges and immunities shall at the expiration of the mandate be immediately re-established in their entirety or with such modifications as may have been agreed upon between the Powers concerned.

**ARTICLE 6.**—The Mandatory shall establish in Syria and the Lebanon a judicial system which shall assure to natives as well as to foreigners a complete guarantee of their rights.

Respect for the personal status of the various peoples and for their religious interests shall be fully guaranteed. In particular, the control and administration of Wakfs shall be exercised in complete accordance with religious law and the dispositions of the founders.

**ARTICLE 7.**—Pending the conclusion of special extradition agreements, the extradition treaties at present in force between foreign Powers and the Mandatory shall apply within the territory of Syria and the Lebanon.

**ARTICLE 8.**—The Mandatory shall ensure to all complete freedom of conscience and the free exercise of all forms of worship which are consonant with public order and morality. No discrimination of any kind shall be made between the inhabitants of Syria and the Lebanon on the ground of differences in race, religion or language.

The Mandatory shall encourage public instruction, which shall be given through the medium of the native languages in use in the territory of Syria and the Lebanon.

The right of each community to maintain its own schools for the instruction and education of its own members in its own language, while conforming to such educational requirements of a general nature as the administration may impose, shall not be denied or impaired.

**ARTICLE 9.**—The Mandatory shall refrain from all interference in the administration of the Councils of management (Conseils de fabrique) or in the management of religious communities and sacred shrines belonging to the various religions, the immunity of which has been expressly guaranteed.

**ARTICLE 5.**—Seront sans application en Syrie et au Liban les privilèges et immunités des étrangers, y compris la juridiction consulaire et la protection, tels qu'ils étaient autrefois pratiqués dans l'Empire ottoman, en vertu des Capitulations et des usages. Toutefois les tribunaux consulaires étrangers continueront à fonctionner jusqu'à la mise en application de la nouvelle organisation judiciaire prévue à l'article 6.

A moins que les Puissances, dont les ressortissants jouissaient au 1<sup>er</sup> août 1914 desdits privilèges et immunités, n'aient préalablement renoncé au rétablissement de ces privilèges et immunités ou à leur application pendant une certaine période, ceux-ci seront à la fin du mandat et sans délai rétablis intégralement ou avec telle modification qui aurait été convenue par les Puissances intéressées.

**ARTICLE 6.**—Le Mandataire instituera en Syrie et au Liban un système judiciaire assurant, tant aux indigènes qu'aux étrangers, la garantie complète de leurs droits.

Le respect du statut personnel des diverses populations et de leurs intérêts religieux sera entièrement garanti. En particulier, le Mandataire exercera le contrôle de l'administration des Wakoufs en parfaite conformité avec les lois religieuses et la volonté des fondateurs.

**ARTICLE 7.**—En attendant la conclusion des conventions spéciales d'extradition, les traités d'extradition en vigueur entre les Puissances étrangères et le Mandataire seront appliqués sur les territoires de la Syrie et du Liban.

**ARTICLE 8.**—Le Mandataire garantira à toute personne la plus complète liberté de conscience, ainsi que le libre exercice de toutes les formes de culte compatibles avec l'ordre public et les bonnes mœurs. Il n'y aura aucune inégalité de traitement entre les habitants de la Syrie et du Liban du fait des différences de race, de religion ou de langue.

Le Mandataire développera l'instruction publique donnée au moyen des langues indigènes en usage sur les territoires de la Syrie et du Liban.

Il ne sera porté aucune atteinte au droit des communautés de conserver leurs écoles en vue de l'instruction et de l'éducation de leurs membres dans leur propre langue, à condition de se conformer aux prescriptions générales sur l'instruction publique édictées par l'administration.

**ARTICLE 9.**—Le Mandataire s'abstiendra de toute intervention dans l'administration des Conseils de fabrique ou dans la direction des communautés religieuses et sanctuaires des diverses religions, dont les immunités sont expressément garanties.

## Mandate—Contd.

**ARTICLE 10.**—The supervision exercised by the Mandatory over the religious missions in Syria and the Lebanon shall be limited to the maintenance of public order and good government; the activities of these religious missions shall in no way be restricted, nor shall their members be subjected to any restrictive measures on the ground of nationality, provided that their activities are confined to the domain of religion.

The religious missions may also concern themselves with education and relief, subject to the general right of regulation and control by the Mandatory or of the local government, in regard to education, public instruction and charitable relief.

**ARTICLE 11.**—The Mandatory shall see that there is no discrimination in Syria or the Lebanon against the nationals, including societies and associations, of any State Member of the League of Nations as compared with its own nationals, including societies and associations, or with the nationals of any other foreign State in matters concerning taxation or commerce, the exercise of professions or industries, or navigation, or in the treatment of ships or aircraft. Similarly, there shall be no discrimination in Syria or the Lebanon against goods originating in or destined for any of the said States; there shall be freedom of transit, under equitable conditions, across the said territory.

Subject to the above, the Mandatory may impose or cause to be imposed by the local governments such taxes and customs duties as it may consider necessary. The Mandatory, or the local governments acting under its advice, may also conclude on grounds of contiguity any special customs arrangements with an adjoining country.

The Mandatory may take or cause to be taken, subject to the provisions of paragraph 1 of this article, such steps as it may think best to ensure the development of the natural resources of the said territory and to safeguard the interests of the local population.

Concessions for the development of these natural resources shall be granted without distinction of nationality between the nationals of all States Members of the League of Nations, but on condition that they do not infringe upon the authority of the local Government. Concessions in the nature of a general monopoly shall not be granted. This clause shall in no way limit the right of the Mandatory to create monopolies of a purely fiscal character in the interest of the territory of Syria and the Lebanon, and with a view to assuring to the

**ARTICLE 10.**—Le contrôle exercé par le Mandataire sur les missions religieuses en Syrie et au Liban se bornera au maintien de l'ordre public et de la bonne administration; aucune atteinte ne sera portée à la libre activité desdites missions religieuses. Les membres de ces missions ne seront l'objet d'aucune mesure restrictive du fait de leur nationalité, pourvu que leur activité ne sorte pas du domaine religieux.

Les missions religieuses pourront également s'occuper d'œuvres d'instruction et d'assistance publique sous réserve du droit général de réglementation et de contrôle du Mandataire ou des gouvernements locaux en matière d'éducation, d'instruction et d'assistance publique.

**ARTICLE 11.**—Il appartiendra au Mandataire de faire en sorte qu'aucune mesure ne soit prise de nature à mettre en Syrie et au Liban les ressortissants y compris les sociétés et les associations, d'un État Membre de la Société des Nations dans un état d'infériorité, soit par rapport à ses propres ressortissants, y compris les sociétés et associations, soit par rapport à ceux de tout autre État étranger, aussi bien en matière fiscale et commerciale qu'au point de vue de l'exercice des industries et professions, de la navigation et du traitement accordé aux navires et aéronefs. De même, il ne sera imposé en Syrie et au Liban aucun traitement différentiel entre les marchandises originaires ou à destination de l'un desdits États; il y aura, dans des conditions équitables liberté de transit à travers lesdits territoires.

Sous réserve des stipulations ci-dessus, le Mandataire pourra établir ou faire établir par les gouvernements locaux toutes taxes et droits de douane jugés nécessaires. Le Mandataire, ou le gouvernement local agissant sur ses conseils, pourra également conclure, pour des raisons de voisinage, des arrangements douaniers spéciaux avec un pays limitrophe.

Le Mandataire pourra prendre ou faire prendre, sous réserve des stipulations de l'alinéa premier du présent article, toutes les mesures propres à assurer le développement des ressources naturelles desdits territoires et à sauvegarder les intérêts des populations locales.

Les concessions pour le développement desdites ressources naturelles seront accordées sans distinction du fait de la nationalité entre les ressortissants de tous les États Membres de la Société des Nations, mais à des conditions qui conserveront intacte l'autorité du gouvernement local. Il ne sera pas accordé de concession ayant le caractère d'un monopole général. Cette clause ne fera pas obstacle au droit du Mandataire de créer des monopoles d'un caractère purement fiscal dans l'intérêt des territoires de la Syrie et du Liban et en vue de

territory the fiscal resources which would appear best adapted to the local needs, or, in certain cases, with a view to developing the natural resources either directly by the State or through an organisation under its control, provided that this does not involve either directly or indirectly the creation of a monopoly of the natural resources in favour of the Mandatory or its nationals, nor involve any preferential treatment which would be incompatible with the economic, commercial and industrial equality guaranteed above.

ARTICLE 12.—The Mandatory shall adhere, on behalf of Syria and the Lebanon, to any general international agreements already existing, or which may be concluded hereafter with the approval of the League of Nations, in respect of the following: the slave trade, the traffic in drugs, the traffic in arms and ammunition, commercial equality, freedom of transit and navigation, aerial navigation, postal, telegraphic or wireless communications, and measures for the protection of literature, art or industries.

ARTICLE 13.—The Mandatory shall secure the adhesion of Syria and the Lebanon, so far as social, religious and other conditions permit, to such measures of common utility as may be adopted by the League of Nations for preventing and combating disease, including diseases of animals and plants.

ARTICLE 14.—The Mandatory shall draw up and put into force within twelve months from this date a law of antiquities in conformity with the following provisions. This law shall ensure equality of treatment in the matter of excavations and archaeological research to the nationals of all States Members of the League of Nations.

1° "Antiquity" means any construction or any product of human activity earlier than the year 1700 A. D.

2° The law for the protection of antiquities shall proceed by encouragement rather than by threat.

Any person who, having discovered an antiquity without being furnished with the authorisation referred to in paragraph 5, reports the same to an official of the competent Department, shall be rewarded according to the value of the discovery.

3° No antiquity may be disposed of except to the competent Department, unless this Department renounces the acquisition of any such antiquity.

No antiquity may leave the country without an export licence from the said Department.

4° Any person who maliciously or negligently destroys or damages an antiquity shall be liable to a penalty to be fixed.

5° No clearing of ground or digging with the object of finding antiquities shall be permitted, under penalty of

ARTICLE 12.—Le Mandataire devra adhérer, pour le compte de la Syrie ou du Liban, aux conventions internationales générales conclues ou à conclure avec l'approbation de la Société des Nations, sur les sujets suivants: traite des esclaves, trafic des stupéfiants, trafic des armes et munitions, égalité commerciale, liberté de transit et de navigation, navigation aérienne, communications postales, télégraphiques ou par télégraphie sans fil, protection littéraire, artistique ou industrielle.

ARTICLE 13.—Autant que les conditions sociales, religieuses et autres le permettent, le Mandataire assurera l'adhésion de la Syrie et du Liban aux mesures d'utilité commune qui seront adoptées par la Société des Nations pour prévenir et combattre les maladies, y compris celles des animaux et des plantes.

ARTICLE 14.—Le Mandataire élaborera et mettra en vigueur, dans un délai de douze mois à dater de ce jour, une loi sur les antiquités conforme aux dispositions ci-après. Cette loi assurera aux ressortissants de tous les États Membres de la Société des Nations l'égalité de traitement en matière de fouilles et recherches archéologiques.

1° Par "antiquités", on devra entendre toute œuvre ou produit de l'activité humaine antérieurs à l'année 1700.

2° La législation sur la protection des antiquités devra procéder plutôt par encouragements que par menaces.

Toute personne qui, ayant fait la découverte d'une antiquité sans avoir l'autorisation visée au paragraphe 5, signale cette découverte à l'autorité compétente, devra recevoir une rémunération proportionnée à la valeur de la découverte.

3° Aucune antiquité ne pourra être aliénée qu'en faveur de l'autorité compétente, à moins que celle-ci renonce à en faire l'acquisition.

Aucune antiquité ne pourra sortir du pays sans une licence délivrée par ladite autorité.

4° Toute personne qui, par malice ou négligence, détruit ou détériore une antiquité devra être passible d'une pénalité à fixer.

5° Tout déplacement de terrain ou fouilles en vue de trouver des antiquités seront interdits, sous peine d'amende, si

6° Equitable terms shall be fixed for expropriation, temporary or permanent, of lands which might be of historical or archaeological interest.

7° Authorisation to excavate shall only be granted to persons who show sufficient guarantees of archaeological experience. The Mandatory shall not, in granting these authorisations act in such a way as to exclude scholars of any nation without good grounds.

8° The proceeds of excavations may be divided between the excavator and the competent Department in a proportion fixed by that Department. If division seems impossible for scientific reasons, the excavator shall receive a fair indemnity in lieu of a part of the find.

ARTICLE 15.—Upon the coming into force of the organic law referred to in article 1, an arrangement shall be made between the Mandatory and the local governments for reimbursement by the latter of all expenses incurred by the Mandatory in organising the administration, developing local resources, and carrying out permanent public works, of which the country retains the benefit. Such arrangement shall be communicated to the Council of the League of Nations.

ARTICLE 16.—French and Arabic shall be the official languages of Syria and the Lebanon.

ARTICLE 17.—The Mandatory shall make to the Council of the League of Nations an annual report to the satisfaction of the Council as to the measures taken during the year to carry out the provisions of this mandate. Copies of all laws and regulations promulgated during the year shall be attached to the said report.

ARTICLE 18.—The consent of the Council of the League of Nations is required for any modification of the terms of this mandate.

ARTICLE 19.—On the termination of the mandate, the Council of the League of Nations shall use its influence to safeguard for the future the fulfilment by the Government of Syria and the Lebanon of the financial obligations, including pensions and allowances, regularly assumed by the administration of Syria or of the Lebanon during the period of the mandate.

7° L'autorisation de procéder à des fouilles ne sera accordée qu'à des personnes présentant des garanties suffisantes d'expérience archéologique. Le Mandataire ne devra pas, en accordant ces autorisations, agir de façon à éliminer, sans motifs valables, les savants d'aucune nation.

8° Le produit des fouilles pourra être réparti entre les personnes ayant procédé à la fouille et l'autorité compétente, dans la proportion fixée par celle-ci. Si, pour des raisons scientifiques, la répartition paraît impossible, l'inventeur devra recevoir une équitable indemnité au lieu d'une partie du produit de la fouille.

ARTICLE 15.—Dès l'entrée en vigueur du statut organique visé à l'article 1<sup>er</sup>, le Mandataire s'entendra avec les gouvernements locaux relativement au remboursement par ces derniers de toutes les dépenses encourues par le Mandataire pour l'organisation de l'administration, le développement des ressources locales et l'exécution de travaux publics d'un caractère permanent, dont le bénéfice resterait acquis au pays. Cette entente sera communiquée au Conseil de la Société des Nations.

ARTICLE 16.—Le français et l'arabe seront les langues officielles de la Syrie et du Liban.

ARTICLE 17.—Le Mandataire adressera au Conseil de la Société des Nations un rapport annuel, répondant à ses vœux, sur les mesures prises pendant l'année pour l'application du présent mandat. Les textes de toutes les lois et de tous les règlements promulgués pendant l'année seront annexés audit rapport.

ARTICLE 18.—Le consentement du Conseil de la Société des Nations sera nécessaire pour toute modification à apporter aux termes du présent mandat.

ARTICLE 19.—A la fin du mandat il appartiendra au Conseil de la Société des Nations d'user de toute son influence pour sauvegarder à l'avenir l'exécution par le Gouvernement de la Syrie et du Liban des obligations financières, y compris les pensions ou retraites, régulièrement assumées par l'Administration de la Syrie ou du Liban pendant la durée du mandat.

ARTICLE 20.—Le Mandataire accepte que tout différend, quel qu'il soit, qui viendrait à s'élever entre lui et un autre Membre de la Société des Nations, relatif à l'interprétation ou à l'application des dispositions du mandat et qui ne serait pas susceptible d'être réglé par des négociations, soit soumis à la Cour permanente de Justice

## ARTICLE II.

(1) His Majesty agrees that he will raise no objection to the boarding of private vessels under the Swedish flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. När dylika förfrågningar och granskningar lämna skälig grund för misstanke, må undersökning av fartyget igångsättas.

(2) Om skälig orsak förefinnes antaga, att fartyget har begått, håller på att begå eller försöker att begå överträdelse av i Förenta Staterna, dess territorier eller besittningar gällande lagar, som förbjuda införsel av alkoholhaltiga drycker, må fartyget beslagtagas och föras till hamn i Förenta Staterna, dess territorier eller besittningar i och för rannsaking och dom i enlighet med ifrågavarande lagar.

(3) De genom denna artikel givna rättigheter må icke utövas på större avstånd från kusten av Förenta Staterna, dess territorier eller besittningar än som kan tillryggaläggas på en timme av det fartyg som misstänkes för att försöka begå överträdelsen. I de fall, emellertid, då spritdryckerna äro avsedda att transporteras till Förenta Staterna, dess territorier eller besittningar av ett annat fartyg än det ännrade och undersökta, skall annat sådant fartygs hastighet och icke det ännrade fartygets hastighet bestämman det avstånd från kusten, inom vilket de i denna artikel givna rättigheter kunna utövas.

A PROCLAMATION.

Convention with Italy to prevent smuggling of intoxicating liquors into United States.  
Preamble.

WHEREAS a Convention between the United States of America and Italy to aid in the prevention of the smuggling of intoxicating liquors into the United States was concluded and signed by their respective Plenipotentiaries at Washington on the third day of June, one thousand nine hundred and twenty-four, the original of which Convention, being in the English and Italian languages, is word for word as follows:

Contracting Powers.

The President of the United States of America and His Majesty the King of Italy being desirous of avoiding any difficulties which might arise between them in connection with the laws in force in the United States on the subject of alcoholic beverages have decided to conclude a Convention for that purpose, and have appointed as their Plenipotentiaries:

Il Presidente degli Stati Uniti d'America e Sua Maestà il Re d'Italia, desiderosi di evitare le difficoltà che potrebbero sorgere tra loro nei riguardi delle leggi in vigore negli Stati Uniti d'America in materia di bevande alcoliche, hanno deciso di concludere una Convenzione a tale scopo ed hanno nominato quali loro Plenipotenziarii

Plenipotentiaries.

The President of the United States of America, Charles Evans Hughes, Secretary of State of the United States;

His Majesty the King of Italy, Signor Augusto Rosso, Counselor of His Embassy at Washington;

Who, having communicated their full powers found in good and due form have agreed as follows:

Il Presidente degli Stati Uniti d'America: l'On.le Charles Evans Hughes, Segretario di Stato degli Stati Uniti;

Sua Maestà il Re d'Italia: il Signor Augusto Rosso, Consigliere della sua Ambasciata in Washington;

I quali, presentati i loro pieni poteri riscontrati nella debita forma, hanno di comune accordo stabilito quanto segue:

ARTICLE I.

The High Contracting Parties respectively retain their rights and claims, without prejudice by reason of this agreement, with respect to the extent of their territorial jurisdiction.

Territorial jurisdiction retained.

ARTICOLO I.

Le Alte Parti Contraenti conservano rispettivamente i propri diritti e le proprie ragioni, senza che possano venir pregiudicate pel fatto del presente accordo, nei riguardi della estensione della loro giurisdizione territoriale.

## ARTICLE II.

(1) The Italian Government agrees that it will raise no objection to the boarding of private vessels under the Italian flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

Allorquando da tale inchiesta ed esame risultino fondati sospetti, una visita della nave può essere iniziata.

(2) Se vi è sufficiente motivo per ritenere che la nave ha commesso o sta commettendo o tentando di commettere una infrazione alle leggi degli Stati Uniti e dei territori e possedimenti degli Stati Uniti che proibiscono l'importazione di bevande alcoliche, la nave può essere sequestrata e condotta in un porto degli Stati Uniti, per l'azione giudiziaria a norma delle leggi stesse.

(3) I diritti conferiti dal presente articolo non potranno essere esercitati ad una distanza dalla costa degli Stati Uniti o dei territori e possedimenti degli Stati Uniti che sia maggiore di quella navigabile in un ora dalla nave sospetta dell'infrazione in parola. Tuttavia, nei casi in cui le bevande alcoliche fossero destinate ad essere trasportate agli Stati Uniti, o ai territori e possedimenti degli Stati Uniti da un'altra nave che non quella fermata e perquisita, sarà la velocità di questa altra nave che determinerà la distanza dalla costa entro la quale i diritti conferiti da questo articolo potranno essere esercitati.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the Pacific Settlement of International Disputes, concluded at The Hague, October 18, 1907. Qualunque reclamo di indennità da parte di una nave italiana per dichiarate perdite o danni sofferti in seguito a indebito o ingiustificato esercizio dei diritti conferiti dall'articolo II di questo Trattato o per il fatto che non le venne concesso il beneficio dell'articolo III, sarà riferito all'esame in comune di due persone di cui ciascuna delle Alte Parti Contraenti nominerà una.

Sarà dato corso alle raccomandazioni formulate nei rapporti che verranno così presentati di comune accordo. Se tale accordo non potrà essere raggiunto, il reclamo verrà riferito alla Corte Permanente di Arbitrato dell'Aja contemplata dalla Convenzione per la Soluzione Pacifica delle Vertenze Internazionali conclusa all'Aja il 18 ottobre 1907. Il Tribunale arbitrale sarà costituito a norma dell'articolo 87 (Capitolo IV) e dell'articolo 59 (Capitolo III) di detta Convenzione. La procedura sarà regolata a norma di tutta quella parte

said Convention and of Chapter III thereof (special regard being had for Articles 70 and 74, but excepting Articles 53 and 54) as the Tribunal may consider to be applicable and to be consistent with the provisions of this agreement. All sums of money which may be awarded by the Tribunal on account of any claim shall be paid within eighteen months after the date of the final award without interest and without deduction, save as hereafter specified. Each Government shall bear its own expenses. The expenses of the Tribunal shall be defrayed by a ratable deduction of the amount of the sums awarded by it, at a rate of five per cent. on such sums, or at such lower rate as may be agreed upon between the two Governments; the deficiency, if any, shall be defrayed in equal moieties by the two Governments.

Tutte le somme aggiudicate dal Tribunale per qualsiasi reclamo saranno pagate entro diciotto mesi dalla data dell'aggiudicazione finale, senza interessi e senza deduzioni, salvo quanto qui sotto specificato. Ciascun Governo sopporterà le proprie spese. Le spese del Tribunale saranno rimborsate mediante deduzione proporzionale dall'ammontare delle somme da esso aggiudicate, nella misura del cinque per cento di tali somme, od in quella misura più bassa che sarà concordata tra i due Governi; in caso di eventuale deficienza, questa sarà coperta in parti uguali dai due Governi.

When the offense charged comprises the act either of murder or assassination or of poisoning, either consummated or attempted, the fact that the offense was committed or attempted against the life of the Sovereign or Head of a Foreign State or against the life of any member of his family, shall not be deemed sufficient to sustain that such crime or offense was of a political character, or was an act connected with crimes or offenses of a political character.

Nevertheless, the rights of a third party with regard to the articles referred to, shall be duly respected.

It shall be competent for such diplomatic or superior consular officers to ask and obtain a mandate or preliminary warrant of arrest for the person whose surrender is sought, whereupon the judges and magistrates of the two Governments shall respectively have power and authority, upon complaint made under oath, to issue a warrant for the apprehension of the person charged, in order that he or she may be brought before such judge or magistrate, that the evidence of criminality may be heard and considered and if, on such hearing, the evidence be deemed sufficient to sustain the charge, it shall be the duty of the examining judge or magistrate to certify it to the proper executive authority, that a warrant may issue for the surrender of the fugitive.

Urgent cases.

In case of urgency, the application for arrest and detention may be addressed directly to the competent magistrate in conformity to the statutes in force.

Documents required.

If the fugitive criminal shall have been convicted of the crime for which his surrender is asked, a copy of the sentence of the court before which such conviction took place, duly authenticated, shall be produced. 2. Each Administration shall inform the other to which countries parcels may be sent through it as intermediary.

To be accepted for onward transmission parcels sent by one of the contracting Administrations through the service of the other Administration must comply with the conditions prescribed from time to time by the intermediary Administration.

In respect of every parcel for delivery in the United States of America or in Great Britain and Northern Ireland, whether insured or uninsured, a payment of 30 cents shall be made by the despatching Administration to the receiving Administration, with the addition of the credits proper to the sea conveyance when this service is provided by the latter Administration.

(b) An enclosure which bears an address different from that placed on the cover of the parcel.

(c) Any live animal (except bees, which must be enclosed in boxes so as to avoid all danger to postal officers and to allow the contents to be ascertained).

(d) Any article of which the admission is not authorised by the Customs or other laws or regulations in force in either country.

(e) Any explosive or inflammable article, and, in general, any article of which the conveyance is dangerous.

2. When a parcel contravening any of these prohibitions is handed over by one Administration to the other, the latter shall proceed in accordance with its laws and its inland regulations.

3. The two Postal Administrations shall furnish each other with a list of prohibited articles; but they will not thereby undertake any responsibility whatever towards the police, the Customs authorities, or the senders of parcels.

List of prohibited articles, etc.

VII. *Make up of parcels.*

Make up of parcels.

1. The name and address of the sender and of the addressee must be legibly and correctly written in every case when possible on the parcel itself, or on a tag, label, or a Customs Declaration securely gummed to the parcel, instead of only on a tag tied thereto. Ad-

Requirements.

dresses in pencil are not allowed; but the address may be written with copying ink pencil on a surface previously damped.

Packing.

2. Every parcel shall be packed in a manner adequate for the length of the journey and for the protection of the contents.

Liquids, etc.

3. Any liquid or any substance which easily liquefies shall be packed in a double receptacle. Between the first receptacle (bottle, flask, pot, box, &c.) and the second (box of metal or of strong wood) shall be left a space which shall be filled with sawdust, bran, or some other absorbent material in sufficient quantity to absorb all the liquid contents in the case of breakage.

Despatch notes and customs declarations.

### VIII. *Despatch Notes and Customs Declarations.*

To accompany parcels.

1. Each parcel shall be accompanied by a Customs Declaration or by a Despatch Note and as many Customs Declarations as may be required. The Administrations shall inform each other of the number of Customs Declarations to be furnished for each country of destination.

No responsibility for declarations.

2. The Administrations accept no responsibility for the correctness of the Customs Declarations.

Advice of parcels.

### IX. *Advice of Parcels.*

Parcel bills provisions.

The uninsured parcels included in each Mail shall be advised on a parcel bill by the simple entry of their total number. Insured and returned parcels, however, shall be advised in the manner prescribed in Articles X and XV respectively.

Each despatching Office of Exchange shall number the parcel bills in the upper left hand corner, commencing each year a fresh series for each Office of Exchange of destination. The last number of the year shall be shown on the parcel bill of the first despatch of the following year.

The exact method of advising parcels sent by one Administration in transit through the other together with any points of procedure in connexion with the advice of Parcels for which provision is not made above shall be settled by mutual arrangement between the contracting Administrations.

Insurance.

### X. *Insurance.*

Amount limited.

1. Parcels may be insured up to the sum of £20 or 100 dollars, but no parcel may be insured for an amount above the real value of its contents.

Application.

Until mutually agreed to the contrary, insurance shall apply only to parcels exchanged between the United States, Alaska, Hawaii, and Porto Rico (excluding the other Island possessions of the United States) and Great Britain and Northern Ireland.

Fees.

The administration of origin is entitled to collect from the sender of each insured parcel such insurance fees as may from time to time be prescribed by its regulations.

Required of precious articles, etc.

Every parcel containing coin, bullion, jewellery, or any other precious article must be insured. If a parcel containing coin, bullion, jewellery or any other precious article is posted uninsured the Administration which delivers it shall treat it in accordance with its own regulations. Every parcel containing jewellery or any other precious article exceeding £100 (\$500) in value must be packed in a box measuring not less than 2 feet 6 inches in length and girth combined.

Sacks required.

Insured parcels shall be enclosed in separate sacks from those in which ordinary parcel-post packages are contained and the labels

of such sacks shall be marked with such distinctive symbol as may from time to time be agreed upon.

All insured parcels exchanged must be closed and securely sealed with wax or otherwise, but the country of destination shall have the right to open them (including the right to break the seals) in order to inspect the contents. Parcels that have been so opened shall be closed again with official seals. Either country may require a special impress or mark of the sender in the sealing of insured parcels mailed in its service as a means of protection.

Seals.

2. Insured parcels shall not be addressed to initials.

Addressing, etc.

Each insured parcel must be labelled "Insured" in a conspicuous manner and must bear a distinguishing number. The Customs Declaration, if not gummed to the parcel, must also be labelled "Insured".

No insured parcel need have written on it information as to the value of its contents, although this may be stated in the accompanying customs declaration.

The labels or stamps on insured parcels containing coin, articles of gold or silver, jewellery or other precious articles must be so placed that they cannot serve to conceal injuries to the cover. They must not be folded over two sides of the cover so as to hide the edge.

3. The sender of an insured parcel may obtain an advice of delivery upon payment of such additional charge, if any, as the country of origin of the parcel shall stipulate. A fee may be charged, at the option of the country of origin, on a request for information as to the disposal of an insured parcel made after it has been posted, if the sender has not already paid the special fee to obtain an advice of delivery. These fees will be retained by the country of origin.

Advice of delivery.

When an advice of delivery is desired, the sender or office of origin shall write or stamp on the parcel, in a conspicuous manner, the words, "Return receipt requested", "Advice of delivery requested", or, boldly, the letters "A R".

Form.

The form of advice of delivery is made out by the office of origin or by any other office which the country of origin may appoint. If it does not reach the office of destination, that office supplies an advice of delivery if the parcel bears request therefor.

Advices of delivery, after being completed, shall, unless otherwise requested by the country of origin be returned direct to the sender by ordinary mail without charge for postage.

When, after an insured parcel has been posted, the sender applies for an advice of delivery, the office of origin enters on a form of advice of delivery an exact description of the parcel (office of origin, date of posting, number, and name and address of sender and of addressee). This form is transmitted from administration to administration with an indication of the mail in which the parcel under inquiry was delivered to the corresponding office of exchange. The office of destination completes the form, and returns it to the sender unless otherwise requested by the country of origin.

Application after posting.

If an advice of delivery duly applied for by the sender at the time of posting is not received back at the office of origin at the end of a proper interval, an inquiry for the missing advice shall be instituted in accordance with the procedure prescribed by the preceding paragraph. The Office of origin shall enter at the top of the form of Advice of delivery the note "Duplicate Advice of Delivery" or some equivalent expression.

Action if advice not received.

4. The insured parcels shall be entered by the dispatching office of exchange on separate parcel bills which shall show in respect of each parcel, the insurance number and the office (and state or

Separate parcel bills.

country) of origin. Additional indicia may be required from time to time if found necessary.

Notice of damage,  
etc.

5. Parcels bearing evidence of violation or damage must have the facts noted on them and be marked with the stamp of the office making the note, or a document drawing attention to the violation or damage must be forwarded with the parcels.

Nondelivery of in-  
sured parcels.

6. If an insured parcel cannot be delivered as addressed or is refused by the addressee, the parcel shall be treated in accordance with Article XV. Such a parcel if returned, shall be returned as insured.

Redirected parcels.

7. When an insured parcel is redirected to either country or is returned to the country of origin, a new insurance fee shall be collected upon delivery and retained by the country making the collection. The Post Office making delivery shall fix the amount of such fee in accordance with its regulations.

Indemnity pro-  
visions.

8. Except in cases of loss or damage through force majeure (causes beyond control) as that term is defined by the legal decisions of the country in the service of which the loss or damage occurs, when an insured parcel has been lost or damaged or all or part of its contents abstracted, the sender, or in default of or at the request of the sender, the addressee, shall be entitled to an indemnity corresponding to the actual amount, based on the actual value at the time of mailing, of the loss, abstraction, or damage, unless the damage has arisen from the fault or negligence of the sender or the addressee or the representative of either, or from the nature of the article, provided always that the indemnity does not exceed the sum for which the parcel was insured and for which the required insurance fee was paid.

Postage on lost par-  
cels to be returned.

The sender of an insured parcel which has been lost, or of which the contents have been lost or completely destroyed in the post, shall also be entitled to the return of the postage. He is not, however, entitled to the return of the insurance fee.

No compensation if  
alleged contents above  
real value.

In case the sender of an insured parcel, with intent to defraud, shall at any time allege the contents to be above their real value, he shall lose all claim to compensation or to the return of the postage, and the enforcement of this rule shall not prejudice any legal proceedings to which such fraudulent declaration may have rendered him liable.

Office responsible for  
indemnity.

The obligation of paying the indemnity shall rest with the country to which the mailing office is subordinate. That country can make a claim on the country responsible, that is to say, against the administration on the territory or in the service of which the loss, abstraction, or damage took place.

Until the contrary is proved, responsibility for an insured parcel rests with the country which having received the parcel without making any observation cannot establish correct delivery or other proper disposition.

Responsibility for loss damage or for abstraction discovered by the receiving Office of Exchange at the time of opening the receptacles and duly notified to the despatching Office of Exchange by verification note shall fall upon the Administration to which the despatching Office of Exchange is subordinate unless it be proved that the loss damage or abstraction occurred during transit in the service of the receiving Administration.

If the loss, abstraction, or damage occurred in the course of conveyance, and it shall not be possible to ascertain on the territory or in the service of which country the loss, abstraction, or damage took place, the indemnity shall be shared equally.

No responsibility if  
receipted for without  
reservation.

No responsibility will be admitted for insured parcels for which the sender or addressee or authorized representative of either has given a receipt and accepted delivery without reservation, nor for

articles which cannot be accounted for in consequence of the destruction of official documents through causes beyond control.

No indemnity will be paid for insured parcels which contain matter of no intrinsic value or matter prohibited transmission in the parcel-post mails exchanged between the United States and Great Britain and Northern Ireland, or which did not conform to the stipulations of this Agreement or which were not posted in the manner prescribed; but the country responsible for the loss, damage or abstraction may pay indemnity in respect of such parcels without recourse to the other Administration.

No indemnity if parcel of no intrinsic value, or prohibited matter.

No application for indemnity will be entertained unless a claim or an initial inquiry oral or written shall be filed by claimant or his representative within a year commencing with the day following the posting of the insured parcel.

Time for filing claims.

The payment of indemnity by the country of origin must take place as soon as practicable and at the latest within a year of the date of the application. The country of origin is, however, authorised to settle with the sender on behalf of the country of destination which has after being duly informed of the application for indemnity let nine months pass without settling the matter. The dispatching country may exceptionally postpone settlement of the indemnity beyond the period mentioned, when, on expiration of the period, it has not been definitely informed as to the disposal of the article inquired for or when the question whether the loss of the article is due to a cause beyond control is not yet decided.

Payment provisions.

The country responsible or on whose behalf the payment is made is bound to make good without delay, the amount of indemnity paid.

Refund by country responsible.

No compensation shall be given for injury or damage consequential upon, i. e. indirectly arising from, the loss, damage, delay, non-delivery, or mis-delivery of any insured parcel transmitted under this Agreement.

Indirect damages.

The final decision upon all questions of compensation rests with the administration of the country in which the loss or damage has taken place.

Decision of compensation.

*XI. Check by Offices of Exchange.*

Check by exchange offices.

1. On the receipt of a Mail the receiving Office of Exchange shall check it and, if necessary, shall report missing articles or other irregularities by means of a verification note.

Verification note.

2. Any differences which may be noticed in the credits and accounting shall be notified to the dispatching Office of Exchange by verification note. The accepted verification notes shall be attached to the parcel bills to which they relate. Corrections not supported by vouchers are not admitted.

Notification of differences.

*XII. Fees for delivery and for Customs formalities. Demurrage charges.*

Fees.

The Post Office of the country of destination may collect from the addressees, for delivery and for the fulfilment of Customs formalities, a charge not exceeding 6d. (12 cents) for each parcel.

Customs.

Each country may impose reasonable storage or demurrage charges in case the addressee fails to accept delivery of any parcel within such reasonable time as is prescribed by the Country of destination. Any such charges shall be cancelled in the event of the return of the parcel to the country of origin.

Demurrage.

XIII. *Redirection.*

Redirection.

**Additional charge.** Any parcel redirected within the country of destination shall be liable to such additional charges as may be prescribed by the domestic regulations of that country.

**Other postal charge.** XIV. *Postal charges other than those prescribed not to be collected.*

**Parcels not subject thereto.**

The parcels to which the present Agreement applies shall not be subjected to any postal charge other than those contemplated by the different Articles of this Agreement.

Nondelivery.

XV. *Non-delivery.*

Return to sender.

1. In the absence of a request by the sender to the contrary, a parcel which cannot be delivered shall be returned to the sender without previous notification and at his expense.

Request by sender.

2. The sender of a parcel may request, at the time of posting that, if the parcel cannot be delivered as addressed, it may be either (a) treated as abandoned, or (b) tendered for delivery at a second address in the country of destination. No other alternative is admissible. If the sender avails himself of this facility, his request must appear on the parcel or on a Despatch Note or Customs Declaration attached to or stuck on the parcel and must be in conformity with or analogous to one of the following forms:—

“If not deliverable as addressed—“abandon.”

“If not deliverable as addressed—“deliver to . . .”

Application.

3. Paragraphs 1 and 2 of this Article apply only to terminal parcels and to transit parcels exchanged between the United States of America and the countries of the British Empire other than India. The sender of any other transit parcel which cannot be delivered shall be consulted as to the disposal of the parcel unless the country of destination has made other arrangements with the country of origin. Any advice of non-delivery shall be sent directly from the country of destination to the country of origin.

Collection of charges.

4. Any charges due in respect of the return or the redirection of a parcel from one country to the other, shall be collected from the sender or the addressee as the case may be.

Entry on parcel bill.

5. Particulars of each Returned parcel on which accrued charges are due to the returning office shall be entered on the parcel bill with the addition of the word “Returned”. Other returned parcels shall be advised in the same manner as ordinary parcels.

Perishable articles.

6. Articles liable to deterioration or corruption, and these only, may, however be sold immediately even on the outward or return journey, without previous notice or judicial formality for the benefit of the right party.

The sum realized by the sale shall be used in the first place to defray the charges upon the parcel; any balance which there may be shall be remitted to the Office of origin to be paid to the sender, on whom the expense of forwarding it shall fall.

If for any reason a sale is impossible, the spoilt or worthless articles shall be destroyed. The sale or destruction shall be recorded.

**Cancellation of customs charges.**

7. Provided that the formalities prescribed by the Customs Authorities concerned are fulfilled, the Customs charges, properly so called, on parcels destroyed, abandoned by the sender, sent back to the country of origin, or redirected to another country, shall be cancelled both in Great Britain and Northern Ireland and in the United States of America.

XVI. *Retransmission.*

1. Missent parcels shall be forwarded to their destination by the most direct route at the disposal of the office retransmitting them. When this retransmission involves the return of the parcels to the office of origin, the retransmitting office of exchange shall credit that office with the allowances received after having called attention to the error by means of a Verification Note.

2. In the contrary case, and if the amount allowed by the despatching office to the retransmitting office is insufficient to cover the expenses of retransmission which it has to defray, it shall recover the difference by making a suitable amendment to the parcel bill of the despatching office of exchange. The reason for this amendment shall be notified to the said office by means of a verification note.

When a parcel has been wrongly allowed to be despatched in consequence of an error on the part of the postal service, and has for this reason to be returned to the country of origin, the procedure followed shall be the same as if the parcel had to be sent back to the despatching office in consequence of missending.

3. A re-directed parcel shall be accompanied by the Despatch Note, if any, prepared by the Office of origin. In case the parcel, for any reason whatsoever has to be repacked or the original Despatch Note replaced by a substitute note it is essential that the name of the office of origin of the parcel and the original serial number appear both on the parcel and on the Despatch Note.

“The territory over which a mandate is conferred upon His Majesty the King of the Belgians (hereinafter called the Mandatory) comprises that part of the territory of the former colony of German East Africa situated to the west of the following line:

“From the point where the frontier between the Uganda Protectorate and German East Africa cuts the River Mavumba, a straight line in a south-easterly direction to point 1640, about 15 kilomètres south-south-west of Mount Gabiro;

“Thence a straight line in a southerly direction to the north shore of Lake Mohazi, where it terminates at the confluence of a river situated about 2½ kilomètres west of the confluence of the River Msilala;

“If the trace of the railway on the west of the River Kagera between Bugufi and Uganda approaches within 16 kilomètres of the line defined above, the boundary will be carried to the west, following a minimum distance of 16 kilomètres from the trace, without, however, passing to the west of the straight line joining the terminal point on Lake Mohazi and the top of Mount Kivisa (point 2100), situated on the Uganda-German East Africa frontier about 5 kilomètres south-west of the point where the River Mavumba cuts this frontier;

Considérant que quatre des Principales Puissances Alliées et Associées à savoir: l'Empire Britannique, la France, l'Italie et le Japon ont convenu que la Belgique exercerait le mandat sur une partie du territoire de l'ancienne colonie de l'Afrique Orientale allemande;

“De là, une droite dans la direction du Sud, jusqu'à la rive nord du lac Mohasi, où elle aboutit en un confluent de rivière situé à 2 kilomètres 5 environ, à l'ouest du confluent de la rivière Msilala;

“Si le tracé du chemin de fer à l'ouest de la rivière Kagera, entre le Bugufi et l'Uganda, s'approchait de la ligne définie ci-dessus à moins de 16 kilomètres, la frontière serait reportée vers l'ouest suivant une ligne à une distance minima de 16 kilomètres du tracé, sans toutefois dépasser, à l'ouest, la droite qui joint le point d'aboutissement au lac Mohasi au sommet du Mont Kivisa (2100) situé sur la frontière Uganda-Afrique Orientale Allemande, à 5 kilomètres environ au S. O. du point où la rivière Mavumba coupe cette frontière.

“Thence a line south-east-wards to meet the southern shore of Lake Mohazi;

“Thence the watershed between the Taruka and the Mka-range rivers and continuing southwards to the north-eastern end of Lake Mugesera;

“Thence the median line of this lake and continuing southwards across Lake Ssake to meet the Kagera;

“Thence the course of the Kagera downstream to meet the western boundary of Bugufi;

“Thence this boundary to its junction with the eastern boundary of Urundi;

“Thence the eastern and southern boundary of Urundi to Lake Tanganyika.

“The frontier described above is shown on the attached British 1:1.000.000 map G. S. G. S. 2932. The boundaries of Bugufi and Urundi are drawn as shown in the Deutscher Kolonialatlas (Dietrich-Reimer) scale 1:1.000.000 dated 1906.

Mandate—Contd.

“Concessions having the character of a general monopoly shall not be granted. Cette clause ne fait pas obstacle au droit du Mandataire de créer des monopoles d'un caractère purement fiscal dans l'intérêt du territoire soumis au mandat et en vue de procurer au territoire les ressources fiscales paraissant le mieux s'adapter aux besoins locaux, ou, dans certains cas, de développer des ressources naturelles soit directement par l'Etat, soit par un organisme soumis à son contrôle, sous cette réserve qu'il n'en résultera directement ou indirectement aucun monopole des ressources naturelles au bénéfice du Mandataire ou de ses ressortissants, ni aucun avantage préférentiel qui serait incompatible avec l'égalité économique, commerciale et industrielle ci-dessus garantie.

“Les droits conférés par le présent article s'étendent également aux Sociétés et Associations organisées suivant les lois des Etats membres de la Société des Nations, sous réserve seulement des nécessités d'ordre public et de l'observation de la législation locale.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

WHEREAS a convention between the United States of America and Panama to aid in preventing the smuggling of intoxicating liquors into the United States was concluded and signed by their respective Plenipotentiaries at Washington on the sixth day of June, one thousand nine hundred and twenty-four, the original of which convention, being in the English and Spanish languages, is word for word as follows:

Preamble.

El Presidente de los Estados Unidos de América y el Presidente de la República de Panamá, deseosos de evitar cualesquiera dificultades que puedan surgir entre ellos en relación con las leyes vigentes de los Estados Unidos en materia de bebidas alcohólicas, han decidido celebrar una convención con tal objeto y han nombrado como Plenipotenciarios:

Contracting Powers.

The President of the United States of America, Charles Evans Hughes, Secretary of State of the United States of America, and

El Presidente de los Estados Unidos de América a Charles Evans Hughes, Secretario de Estado de los Estados Unidos de América, y

Plenipotentiaries.

The President of Panama, Ricardo J. Alfaro, Envoy Extraordinary and Minister Plenipotentiary of the Republic of Panama in Washington,

El Presidente de Panamá a Ricardo J. Alfaro, Enviado Extraordinario y Ministro Plenipotenciario de la República de Panamá en Washington,

Who, having communicated their full powers found in good and due form, have agreed as follows:

quienes, habiéndose comunicado sus Plenos Poderes, los que han sido hallados en buena y debida forma, han convenido en lo siguiente:

ARTICLE I.

ARTICULO I.

The High Contracting Parties declare that it is their firm intention to uphold the principle that three marine miles extending from the coast line outwards and measured from low-water mark constitute the proper limits of territorial waters.

Las Altas Partes Contratantes declaran que es su firme intención mantener el principio de que tres millas marítimas que se extiendan de la línea de la costa hacia afuera y medidas desde la línea de la baja mar, constituyen el límite propio de las aguas territoriales.

Territorial jurisdiction retained.

## ARTICLE II.

## ARTICULO II.

Boarding of private Panaman vessels outside limits, for inquiry, etc., not objected to.

(1) The President of Panama agrees that Panama will raise no objection to the boarding of private vessels under the Panaman flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions, in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force. When such enquiries and examinations show a reasonable ground for suspicion, a search of the vessel may be initiated.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

Distance from coast limited to boarding, etc., vessels.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense, and shall not be exercised in waters adjacent to territorial waters of the Canal Zone. In cases, however, in which the liquor is intended to be conveyed to the United States its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

Canal Zone waters excepted.

Extension if liquor conveyed by other vessel.

(1) El Presidente de Panamá conviene en que Panamá no hará objeción a que las naves de propiedad particular que naveguen bajo la bandera de Panamá sean visitadas fuera de los límites de las aguas territoriales por las autoridades de los Estados Unidos, sus territorios o posesiones, a fin de que puedan ser indagadas las personas que se hallen a bordo y se examinen los papeles del buque con el objeto de verificar si la nave o los que se encuentran a bordo tratan de importar o han importado bebidas alcohólicas a los Estados Unidos, sus territorios o posesiones, en contravención de las leyes allí vigentes. Cuando tales indagatorias y examen den motivo razonable para sospechas, se podrá proceder al registro de la nave.

(2) Si hubiere motivos fundados para creer que la nave ha cometido o está cometiendo o intentando cometer un delito contra las leyes de los Estados Unidos, sus territorios o posesiones, que prohíben la importación de bebidas alcohólicas, la nave puede ser apresada y llevada a un puerto de los Estados Unidos, sus territorios o posesiones para su juzgamiento de acuerdo con tales leyes.

(3) Los derechos conferidos en este artículo no serán ejercidos a mayor distancia de la costa de los Estados Unidos, sus territorios o posesiones de la que puede atravesar en una hora la nave que se sospecha trata de cometer el delito, y no serán ejercidos en aguas adyacentes a las aguas territoriales de la Zona del Canal. No obstante, en casos en que se tiene la intención de llevar licor a los Estados Unidos, sus territorios o posesiones por una nave distinta de la que ha sido visitada y registrada, la velocidad de esta otra nave y no la velocidad de la nave visitada será la que determine la distancia de la costa dentro de la cual puede ejercerse el derecho conferido en este artículo.

## ARTICLE III.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board Panaman vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

## ARTICLE IV.

Any claim by a Panaman vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Treaty or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the Pacific Settlement of International Disputes, concluded at The Hague, October 18, 1907. The Arbitral Tribunal shall be constituted in accordance with Article 87 (Chapter IV) and with Article 59 (Chapter III) of the said Convention. The proceedings shall

## ARTICULO III.

No estarán sujetos a pena ni comiso, según las leyes de los Estados Unidos, ni los licores alcohólicos ni las naves ni las personas por razón del transporte de tales licores, cuando ellos sean declarados como aprovisionamiento de la nave o como carga destinada a un puerto fuera de los Estados Unidos, sus territorios o posesiones, a bordo de naves panameñas que viajen de o para puertos de los Estados Unidos, sus territorios o posesiones, o que pasen por sus aguas territoriales, y tal transporte será como el que establece la ley con respecto al tránsito de licores por el Canal de Panamá, a condición de que tales licores sean mantenidos constantemente bajo sello mientras la nave que los lleva permanezca dentro de dichas aguas territoriales y a condición de que tales licores no sean descargados en ningún tiempo ni lugar dentro de los Estados Unidos, sus territorios o posesiones.

## ARTICULO IV.

Las reclamaciones de indemnización por naves panameñas a causa de haber sufrido pérdida o perjuicio por el ejercicio impropio o arbitrario de los derechos conferidos por el Artículo II de este Tratado, o a causa de no habérseles concedido el beneficio del Artículo III, serán sometidas a la consideración conjunta de dos personas, una de las cuales será nombrada por cada una de las Altas Partes Contratantes.

Las recomendaciones contenidas en una decisión conjunta serán hechas efectivas. Si no hubiere acuerdo para tal decisión conjunta, la reclamación será sometida a la Corte Permanente de Arbitraje de La Haya que se describe en la Convención para el Arreglo Pacífico de Disputas Internacionales celebrada en La Haya el 18 de Octubre de 1907. El Tribunal Arbitral será constituido de conformidad con el Artículo 87 (Capítulo IV) y con el Artículo 58 (Capítulo III) de dicha Convención. El procedi-

**Payment of awards.**

All sums of money which may be awarded by the Tribunal on account of any claim shall be paid within eighteen months after the date of the final award without interest and without deduction, save as hereafter specified. Each Government shall bear its own expenses. The expenses of the Tribunal shall be defrayed by a ratable deduction of the amount of the sums awarded by it, at a rate of five per cent. on such sums, or at such lower rate as may be agreed upon between the two Governments; the deficiency, if any, shall be defrayed in equal moieties by the two Governments.

Las sumas que falle el Tribunal en virtud de una reclamación serán pagadas dentro de los diez y ocho meses siguientes a la fecha del fallo definitivo sin interés y sin ninguna deducción, salvo la que se especifica más adelante. Cada Gobierno cubrirá sus propios gastos. Los gastos del Tribunal serán sufragados mediante una deducción proporcional del monto de las sumas falladas, a la rata del cinco por ciento sobre dichas sumas o a una rata menor que puedan acordar los dos Gobiernos. Si hubiere alguna deficiencia, será cubierta por partes iguales por los dos Gobiernos.

**ARTICLE V.**

**ARTICULO V.**

**Duration, and exchange of ratifications.**

This Treaty shall be subject to ratification and shall remain in force for a period of one year from the date of the exchange of ratifications.

Este Tratado queda sujeto a ratificación y estará en vigor por el período de un año a contar de la fecha del canje de ratificaciones.

**Notice of proposed modifications.**

Three months before the expiration of the said period of one year, either of the High Contracting Parties may give notice of its desire to propose modifications in the terms of the Treaty.

Tres meses antes de la expiración de dicho período de un año cualquiera de las Altas Partes Contratantes puede dar aviso de su deseo de proponer modificaciones a los términos del Tratado.

**Treaty to lapse if modifications not agreed upon.**

If such modifications have not been agreed upon before the expiration of the term of one year mentioned above, the Treaty shall lapse.

Si no hubiere acuerdo respecto a tales modificaciones antes de expirar el término de un año arriba mencionado, el Tratado caducará.

**Continued from year to year if no modification proposed.**

If no notice is given on either side of the desire to propose modifications, the Treaty shall remain in force for another year, and so on automatically, but subject always in respect of each such period of a year to the right on either side to propose as provided above three months before its expiration modifications in the Treaty, and to the provision that if such modifications are not agreed upon before the close of the period of one year, the Treaty shall lapse.

Si ninguna de las dos partes manifestare a la otra el deseo de proponer modificaciones, el Tratado continuará en vigencia por un año más y así sucesivamente, pero con sujeción siempre respecto de cada período de un año al derecho de ambas partes de proponer modificaciones al Tratado tres meses antes de su expiración y con sujeción igualmente a la estipulación de que a falta de acuerdo sobre tales modificaciones antes de terminar el período de un año, el Tratado caducará.

ARTICLE VI.

ARTICULO VI.

In the event that either of the High Contracting Parties shall be prevented either by judicial decision or legislative action from giving full effect to the provisions of the present Treaty the said Treaty shall automatically lapse, and, on such lapse or whenever this Treaty shall cease to be in force, each High Contracting Party shall enjoy all the rights which it would have possessed had this Treaty not been concluded.

The present Convention shall be duly ratified by the President of the United States of America, by and with the advice and consent of the Senate thereof and by the President of Panama in accordance with the requirements of the Panaman Constitution; and the ratifications shall be exchanged at Washington as soon as possible.

In witness whereof, the respective Plenipotentiaries have signed the present Convention in duplicate and have thereunto affixed their seals.

All returned parcels will be subject on delivery to the senders to the collection of any charges that may accrue thereon.

(d) All parcels of which the addressee refuses to take delivery or declines to make formal entry when requested by the customs officer in cases where the appraised value exceeds the value shown in the declaration of entry, and where evidence of fraudulent intent is shown.

The particulars of the disposition of each parcel shall be communicated by one postal administration to the other.

2. Parcels which it has not been possible to deliver and which are liable to deterioration or corruption may, however, be sold immediately, without previous notice or legal formality, for the benefit of the person entitled thereto, the particulars of the sale being reported by one Administration to the other. The proceeds of the sale shall be devoted to paying the charges on the parcel; the remainder, if any, shall be sent to the office of origin to be paid to the sender. If for any reason a sale is impossible, the spoiled or worthless articles are destroyed or handed over to the customs.

Perishable articles.

3. Ce Commissaire sera un juge ou un jurisconsulte de nationalité danoise possédant les qualités nécessaires et désigné par le Gouvernement danois.

2° Cette notification devra comprendre une délimitation exacte de l'étendue du terrain revendiqué, et être accompagnée d'une carte, qui sera établie à l'échelle d'au moins 1/1,000,000, et sur laquelle sera indiqué clairement le terrain revendiqué.

5° Le Commissaire examinera les revendications ainsi notifiées. A cette fin, il pourra recourir à telle assistance technique qu'il jugerait nécessaire et, le cas échéant, faire procéder à une enquête sur place.

6° La rémunération du Commissaire sera fixée d'un commun accord par le Gouvernement danois et les autres Gouvernements intéressés. Le Commissaire fixera lui-même la rémunération des adjoints qu'il jugera nécessaire d'employer.

Des copies de ce rapport seront transmises par le Commissaire aux Gouvernements intéressés.

This sum will be based on the amount of the land to which the claimant's title is recognised.

A PROCLAMATION

To the people of the United States:

In the inscrutable wisdom of Divine Providence, Warren Gamaliel Harding, twenty-ninth President of the United States, has been taken from us. The nation has lost a wise and enlightened statesman and the American people a true friend and counsellor whose whole public life was inspired with the desire to promote the best interests of the United States and the welfare of all its citizens. His private life was marked by gentleness and brotherly sympathy, and by the charm of his personality he made friends of all who came in contact with him.

Announcing death of President Warren Gamaliel Harding. Preamble.

It is meet that the deep grief which fills the hearts of the American people should find fitting expression.

Now, therefore, I, Calvin Coolidge, President of the United States of America, do appoint Friday next, August tenth, the day on which the body of the dead President will be laid in its last earthly resting place, as a day of mourning and prayer throughout the United States. I earnestly recommend the people to assemble on that day in their respective places of divine worship, there to bow down in submission to the will of Almighty God, and to pay out of full hearts the homage of love and reverence to the memory of the great and good President, whose death has so sorely smitten the nation.

Appointing August 10, 1923, the day of burial, as a day of mourning and prayer.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

A PROCLAMATION

National Fire Prevention Day.  
Preamble.

WITH the approach of October 9th, anniversary of the great Chicago fire, it is customary for the Chief Executive to direct attention each year to the enormous fire loss of the nation and to propose the observance of that date as National Fire Prevention Day. I am informed that the national fire loss for 1922 approximated fifteen thousand lives and somewhat more than five hundred million dollars. If this is correct, or even approximately correct, it indicates that the 1922 fire waste was the largest since 1906, when the fearful San Francisco conflagration brought the total to above five hundred million dollars. The fact that, with all our improvement of methods in most directions, the fire loss continues to mount upward year by year places a striking point of interrogation opposite our claims of high national efficiency. I am informed that in 1912, which was not an exceptional year, the per capita fire loss of the country was \$2.16, and that in 1922 it was \$4.67. The importance of every possible measure to reduce this loss is so apparent as to require no argument. The specialists in this subject agree that probably the greater part of the loss is due to human factors, such as carelessness and moral hazards; another large portion to poor construction, inefficient enforcement of building regulations, and the like. All of these are subject to correction through proper procedures, and it is highly desirable that public attention be directed to them and every encouragement given to measures for lessening the fire menace.

In view of these facts

Recommending observance of October 9, 1923, as.

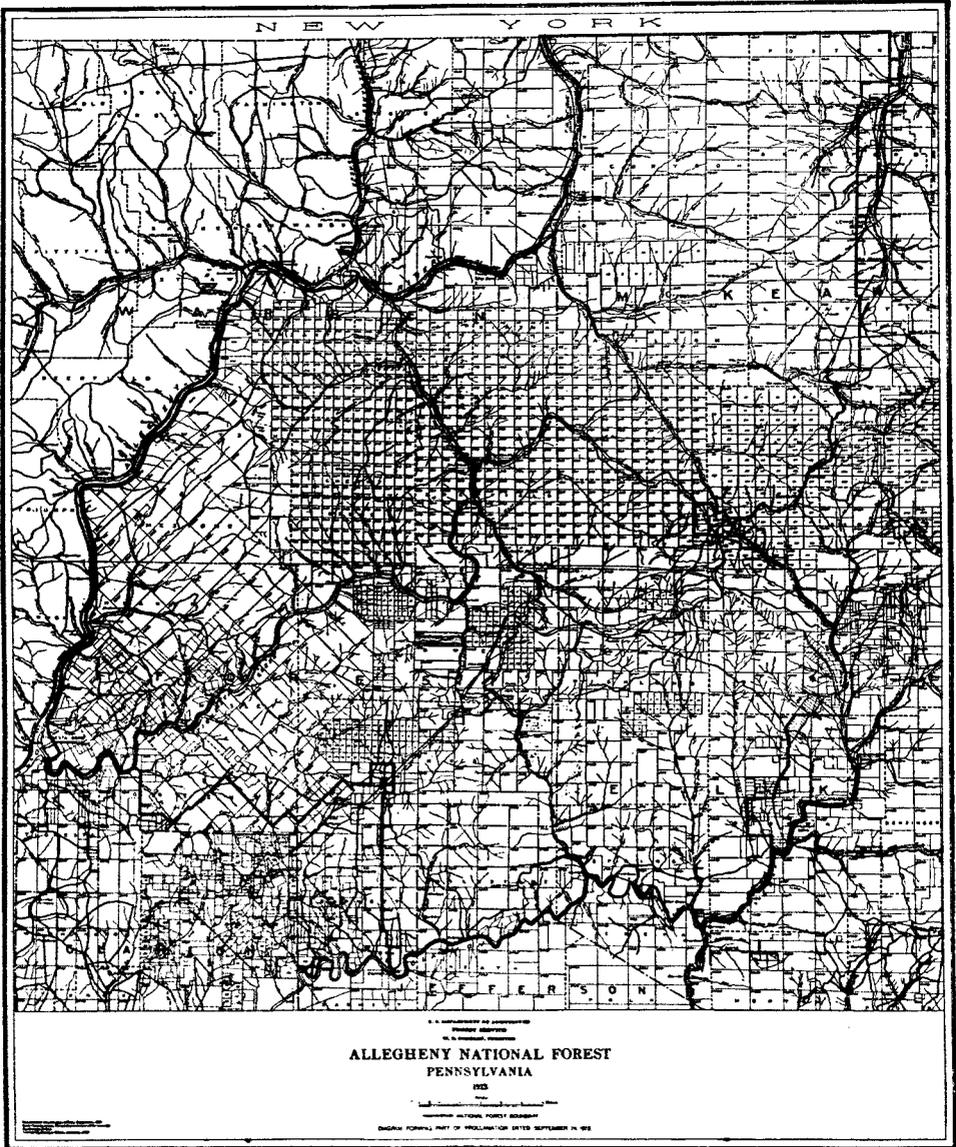

NOW, THEREFORE, I, Calvin Coolidge, President of the United States, designate Tuesday, October 9th, as National Fire Prevention Day, and recommend that it be observed in a manner most fitting. I particularly recommend the importance of educational effort through the schools, industrial establishments, and in the homes.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

A PROCLAMATION

FROM its earliest beginnings, America has been devoted to the cause of education. This country was founded on the ideal of ministering to the individual. It was realized that this must be done by the institutions of religion and government. In order that there might be a properly educated clergy and well trained civil magistrates, one of the first thoughts of the early settlers was to provide for a college of liberal culture, while for the general diffusion of knowledge, primary schools were established. This course was taken as the necessary requirement of enlightened society.

National Education Week. Preamble.

Such a policy, once adopted, has continued to grow in extent. With the adoption of the Federal Constitution and the establishment of free governments in the states of the Union, there was additional reason for broadening the opportunity for education. Our country adopted the principle of self-government by a free people. Those who were worthy of being free, were worthy of being educated.

Those who had the duty and responsibility of government, must necessarily have the education with which to discharge the obligations of citizenship. The sovereign had to be educated. The sovereign had become the people. Schools and universities were provided by the various governments, and founded and fostered by private charity, until their buildings dotted all the land.

The willingness of the people to bear the burdens of maintaining these institutions, and the patriotic devotion of an army of teachers, who, in many cases, might have earned larger incomes in other pursuits, have made it possible to accomplish results with which we may well be gratified. But the task is not finished, it has only been begun.

We have observed the evidences of a broadening vision of the whole educational system. This has included a recognition that education must not end with the period of school attendance, but must be given every encouragement thereafter. To this end the night schools of the cities, the moonlight schools of the southern Appalachian countries, the extension work of the colleges and universities, the provision for teaching technical, agricultural and mechanical arts, have marked out the path to a broader and more widely diffused national culture. To insure the permanence and continuing improvement of such an educational policy, there must be the fullest public realization of its absolute necessity. Every American citizen is entitled to a liberal education. Without this, there is no guarantee for the permanence of free institutions, no hope of perpetuating self-government. Despotism finds its chief support in ignorance. Knowledge and freedom go hand in hand.

In order that the people of the nation may think on these things, it is desirable that there should be an annual observance of Educational Week.

Urging observance of week beginning November 18, as.

NOW, THEREFORE, I, Calvin Coolidge, President of the United States, do hereby proclaim the week beginning on the eighteenth of November, next, as National Education Week, and urge its observance throughout the country. I recommend that the state and local authorities cooperate with the civic and religious bodies to secure its most general and helpful observance, for the purpose of more liberally supporting and more effectively improving the educational facilities of our country.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

### A PROCLAMATION

Thanksgiving Day,  
1923.  
Preamble.

The American people, from their earliest days, have observed the wise custom of acknowledging each year the bounty with which divine Providence has favored them. In the beginnings, this acknowledgment was a voluntary return of thanks by the community for the fruitfulness of the harvest. Though our mode of life has greatly changed, this custom has always survived. It has made Thanksgiving Day not only one of the oldest but one of the most characteristic observances of our country. On that day, in home and church, in family and in public gatherings, the whole nation has for generations paid the tribute due from grateful hearts for blessings bestowed.

To center our thought in this way upon the favor which we have been shown has been altogether wise and desirable. It has given opportunity justly to balance the good and the evil which we have experienced. In that we have never failed to find reasons for being grateful to God for a generous preponderance of the good. Even in the least propitious times, a broad contemplation of our whole position has never failed to disclose overwhelming reasons for thankfulness. Thus viewing our situation, we have found warrant for a more hopeful and confident attitude toward the future.

In this current year, we now approach the time which has been accepted by custom as most fitting for the calm survey of our estate and the return of thanks. We shall the more keenly realize our good fortune, if we will, in deep sincerity, give to it due thought, and more especially, if we will compare it with that of any other community in the world.

The year has brought to our people two tragic experiences which have deeply affected them. One was the death of our beloved President Harding, which has been mourned wherever there is a realization of the worth of high ideals, noble purpose and unselfish service carried even to the end of supreme sacrifice. His loss recalled the nation to a less captious and more charitable attitude. It sobered the whole thought of the country. A little later came the unparalleled disaster

to the friendly people of Japan. This called forth from the people of the United States a demonstration of deep and humane feeling. It was wrought into the substance of good works. It created new evidences of our international friendship, which is a guarantee of world peace. It replenished the charitable impulse of the country.

By experiences, such as these, men and nations are tested and refined. We have been blessed with much of material prosperity. We shall be better able to appreciate it if we remember the privations others have suffered, and we shall be the more worthy of it if we use it for their relief. We will do well then to render thanks for the good that has come to us, and show by our actions that we have become stronger, wiser, and truer by the chastenings which have been imposed upon us. We will thus prepare ourselves for the part we must take in a world which forever needs the full measure of service. We have been a most favored people. We ought to be a most generous people. We have been a most blessed people. We ought to be a most thankful people.

WHEREFORE, I, Calvin Coolidge, President of the United States, do hereby fix and designate Thursday, the twenty-ninth day of November, as Thanksgiving Day, and recommend its general observance throughout the land. It is urged that the people, gathering in their homes and their usual places of worship, give expression to their gratitude for the benefits and blessings that a gracious Providence has bestowed upon them, and seek the guidance of Almighty God, that they may deserve a continuance of His favor.

Thursday, November 29, 1923, designated as Thanksgiving Day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the great seal of the United States.

### A PROCLAMATION

Announcing death of former President Woodrow Wilson.

To the People of the United States:

The death of Woodrow Wilson, President of the United States from March 4, 1913, to March 4, 1921, which occurred at 11:15 o'clock today at his home at Washington, District of Columbia, deprives the country of a most distinguished citizen, and is an event which causes universal and genuine sorrow. To many of us it brings the sense of a profound personal bereavement.

His early profession as a lawyer was abandoned to enter academic life. In this chosen field he attained the highest rank as an educator, and has left his impress upon the intellectual thought of the country. From the Presidency of Princeton University he was called by his fellow citizens to be the Chief Executive of the State of New Jersey. The duties of this high office he so conducted as to win the confidence of the people of the United States, who twice elected him to the Chief Magistracy of the Republic. As President of the United States he was moved by an earnest desire to promote the best interests of the country as he conceived them. His acts were prompted by high motives and his sincerity of purpose can not be questioned. He led the nation through the terrific struggle of the world war with a lofty idealism which never failed him. He gave utterance to the aspiration of humanity with an eloquence which held the attention of all the earth and made America a new and enlarged influence in the destiny of mankind.

In testimony of the respect in which his memory is held by the Government and people of the United States, I do hereby direct that the flags of the White House and of the several Departmental buildings be displayed at half staff for a period of thirty days, and that suitable military and naval honors under orders of the Secretary of War and of the Secretary of the Navy may be rendered on the day of the funeral.

Suitable civil, military, and naval honors directed.

Done at the City of Washington this third day of February, in the year of our Lord one thousand nine hundred and [SEAL.] twenty-four, and of the Independence of the United States of America one hundred and forty-eighth.

A PROCLAMATION.

WHEREAS, it is essential to the continued comfort, welfare, and prosperity of the people of the United States that abundant forests, widely distributed and maintained in a condition of high productiveness, be forever wisely conserved as one of our greatest natural resources; and

Forest protection and Arbor Day observance, 1924.  
Preamble.

WHEREAS, because of our constantly increasing need for wood and other forest products, together with our past failure to provide for reforestation, we are drawing upon our supplies of timber four times as fast as they are renewed through growth; and

WHEREAS, the most formidable agency of forest destruction and prevention of reforestation is fire and, of the fires which annually devastate vast areas, four-fifths are ascribed in origin to human agencies and virtually all may be controlled and made innocuous through prudence, care, and vigilance;

THEREFORE, I, CALVIN COOLIDGE, President of the United States, do urge upon the Governors of the various States to designate and set apart the week of April 21-27, 1924, as Forest Protection Week, and, wherever practicable and not in conflict with State law or accepted customs, to celebrate Arbor Day within that week. I also urge all citizens, either in association or as individuals, all schools, and the press of the land to give common

thought to the protection of our forests from fire, to the end that, in the future as in the past, these forests may supply us with wood, protect the purity of our streams, and otherwise serve the people of the United States.

Preamble.

WHEREAS, in and by the Constitution of the United States of America, it is provided that the President "shall have power to grant reprieves and pardons for offenses against the United States, except in cases of impeachment"; and

R. S., sec. 1906, p. 350.  
Vol. 37, p. 356.

WHEREAS, Sections 1996 and 1998 of the Revised Statutes of the United States as modified by the Act of Congress approved August 22, 1912 (37 Stat. 356), prescribe that all persons thereafter deserting the military or naval service of the United States shall be deemed to have voluntarily relinquished and forfeited their rights of citizenship, as well as their right to become citizens, and shall be forever incapable of holding any office of trust or profit under the United States, or of exercising any rights of citizens thereof, but that said provisions "shall not apply to any person hereafter deserting the military or naval service of the United States in time of peace"; and

WHEREAS, an armistice was signed with the Imperial Austro-Hungarian Government on November 3, 1918, and with the Imperial German Government on November 11, 1918, the effect of which was to terminate hostilities; and

Vol. 42, p. 105.

WHEREAS, the war with the aforesaid foreign powers was not formally at an end until July 2, 1921, as declared by a Joint Resolution of the Senate and House of Representatives of the United States approved July 2, 1921, and by proclamations of the President of the United States of November 14, 1921, and November 17, 1921; and

No other penalties affected.

FURTHERMORE, I do hereby proclaim, declare and make known that nothing contained in this proclamation is intended to remove, or to authorize the removal of, any charge of desertion which may now be standing on the rolls or records of the United States in the case of any person, or as pardoning, remitting or mitigating any penalties to which any person has become, is now, or hereafter may become liable, except as hereinbefore specifically provided.

Copyrights.  
Preamble.  
Vol. 35, p. 1075.

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

AND WHEREAS the President is authorized by Section 8 of the said Act to determine and declare by proclamation made from time to time the existence of the reciprocal conditions aforesaid, as the purposes of the Act may require;

AND WHEREAS satisfactory official assurances have been received that the Governor General in Council of the Union of South Africa has issued a Proclamation which will come into operation on July 1, 1924, by which rights to protection for their works in the Union of South Africa are granted to citizens of the United States on substantially the same basis as to subjects of the Union of South Africa, including rights similar to those provided by Section 1 (e) of the Copyright Act of the United States, approved March 4, 1909.

**Nominal quotas.**

\*For each of the countries indicated by an asterisk (\*) is established a nominal quota according to the minimum fixed by law. These nominal quotas, as in the case of all quotas hereby established, are available only for persons born within the respective countries who are eligible to citizenship in the United States and admissible under the immigration laws of the United States.

**Assignment of persons born within the Barred Zone.**

1. (a) Persons born in the portions of Persia, Russia, or the Arabian peninsula situated within the Barred Zone, and who are admissible under the immigration laws of the United States as quota immigrants, will be charged to the quotas of these countries; and (b) persons born in the colonies, dependencies, or protectorates, or portions thereof, within the Barred Zone, of France, Great Britain, the Netherlands, or Portugal, who are admissible under the immigration laws of the United States as quota immigrants, will be charged to the quota of the country to which such colony or dependency belongs or by which it is administered as a protectorate.

**Arabian peninsula territory designated.**

2. The quota-area denominated "Arabian peninsula" consists of all territory except Muscat and Aden, situated in the portion of that peninsula and adjacent islands, to the southeast of Iraq, of Palestine with Trans-Jordan, and of Egypt.

**British dominions, etc.**

3. Quota immigrants born in the British self-governing dominions or in the Empire of India, will be charged to the appropriate quota rather than to that of Great Britain and Northern Ireland. There are no quota restrictions for Canada and Newfoundland.

**Pacific islands.**

4. As shown on Chart No. 1262a, Hydrographic office, United States Navy Department.

**Assignment of colonies, dependencies or protectorates.**

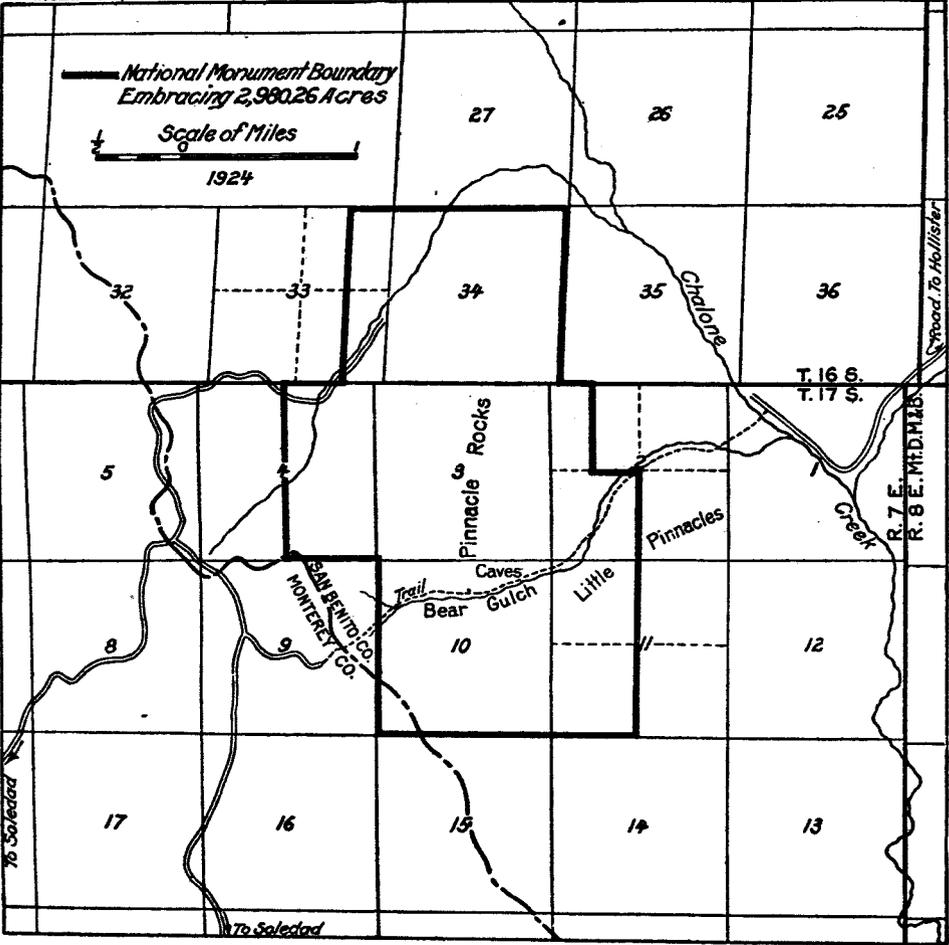

5. Quota immigrants eligible to citizenship in the United States, born in a colony, dependency, or protectorate of any country to which a quota applies will be charged to the quota of that country.

**European colonies or dependencies in Central or South America, etc.**

6. In contrast with the law of 1921, the Immigration Act of 1924 provides that persons born in the colonies or dependencies of European countries situated in Central America, South America, or the islands adjacent to the American continents (except Newfoundland and islands pertaining to Newfoundland, Labrador and Canada), will be charged to the quota of the country to which such colony or dependency belongs.

**No political significance in quota assignments.**

*General Note.* The immigration quotas assigned to the various countries and quota-areas should not be regarded as having any political significance whatever, or as involving recognition of new governments, or of new boundaries, or of transfers of territory except as the United States Government has already made such recognition in a formal and official manner.

A PROCLAMATION

Although gratifying efforts are being made to lengthen the lives of our citizens and to conserve our diminishing store of natural resources, the nation's annual loss in life and property due to fire continues to surpass that of any other country. It is reported that 15,000 American lives and property valued at \$500,000,000 were lost in fires during 1923. The problem of combating this stupendous waste is of national importance. If it is to be diminished, especial efforts must be made to educate the public mind and conscience to the necessity of improving building construction, increasing protective equipment, and fostering a spirit of national carefulness. To this end

National Fire Prevention Day.  
Preamble.

THEREFORE, I, Calvin Coolidge, President of the United States, following an established custom, designate Thursday, October 9, the fifty-third anniversary of the great Chicago fire, as National Fire Prevention Day and accordingly recommend and appeal to all citizens that it be observed by them in an appropriate manner. I

A PROCLAMATION.

We approach that season of the year when it has been the custom for the American people to give thanks for the good fortune which the bounty of Providence, through the generosity of nature, has visited upon them. It is altogether a good custom. It has the sanction of antiquity and the approbation of our religious convictions. In acknowledging the receipt of Divine favor, in contemplating the blessings which have been bestowed upon us, we shall reveal the spiritual strength of the nation.

Thanksgiving Day,  
1924.  
Preamble.

The year has been marked by a continuation of peace whereby our country has entered into a relationship of better understanding with all the other nations of the earth. Ways have been revealed to us by which we could perform very great service through the giving of friendly counsel, through the extension of financial assistance, and through the exercise of a spirit of neighborly kindness to less favored peoples. We should give thanks for the power which has been given into our keeping, with which we have been able to render these services to the rest of mankind.

At home we have continually had an improving state of the public health. The production of our industries has been large and our harvests have been bountiful. We have been remarkably free from disorder and remarkably successful in all those pursuits which flourish during a state of domestic peace. An abundant prosperity has overspread the land. We shall do well to accept all these favors and bounties with a becoming humility, and dedicate them to the service of the righteous cause of the Giver of all good and perfect gifts. As the nation has prospered let all the people show that they are worthy to prosper by rededicating America to the service of God and man.

THEREFORE, I, CALVIN COOLIDGE, President of the United States of America, hereby proclaim and fix Thursday, the twenty-seventh day of November, as a day for National Thanksgiving. I recommend that the people gather in their places of worship, and at the family altars, and offer up their thanks for the goodness which has been shown to them in such a multitude of ways. Especially I urge them to supplicate the Throne of Grace that they may gather strength from their tribulations, that they may gain humility from their victories, that they may bear without complaining the burdens that shall be placed upon them, and that they may be increasingly worthy in all ways of the blessings that shall come to them.

Thursday, November  
27, 1924, designated as  
Thanksgiving Day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the great seal of the United States.

## A PROCLAMATION

American Education  
Week.  
Preamble.

Education for the children of all the people, extending from the primary grades through the university, constitutes America's noblest contribution to civilization. No child or youth in the United States need be deprived of the benefits of education suited to his age and degree of advancement.

Nevertheless, either through negligence or because of unfortunate circumstances which might be controlled with sufficient effort, large numbers of children do not receive the full preparation for their life's work to which they are justly entitled. Many have reached maturity without even the rudiments of education.

This condition demands the solicitude of all patriotic citizens. It involves not only the persons immediately concerned and the communities in which they live, but the Nation itself, for the welfare of the country depends upon the character and the intelligence of those who cast the ballots.

Education has come to be nearer to the hearts of the American people than any other single public interest. The plan of maintaining educational institutions from public funds did not originally prevail in most of the States, and even where it was in use it was but feebly developed in the early days of the Republic. That plan did not arise spontaneously in the minds of all citizens. It was only when the suggestion came forcefully, convincingly, and repeatedly from a few pioneers that popular interest was fully aroused. Vigorous campaigns were required not only to establish the idea of public education, but also for its maintenance, and for its important extensions.

Campaigns of national scope in behalf of education have been conducted annually since 1920, and they have been increasingly effective with each succeeding year. They have concentrated attention upon the needs of education, and the cumulative impetus of mass action has been peculiarly beneficial. It is clearly in the interest of popular education, and consequently of the country, that these campaigns be continued with vigor.

In the last few years we have placed much emphasis on vocational training. It is necessary for men to know the practical side of life and be able to earn a living. We want to have masters of our material resources. But it is also necessary to have a broad and liberal culture that will enable men to think and know how to live after they have earned a living. An educated fool is a sorry spectacle, but he is not nearly so dangerous to society as a rich fool. We want neither in this country. We want the educated to know how to work and the rich to know how to think.

Urging observance of  
week beginning No-  
vember 17, as American  
Education Week.

NOW, THEREFORE, I, Calvin Coolidge, President of the United States of America, do designate November 17th to 23rd, inclusive, as American Education Week. I urge that the citizens do all they can to advance the interests of education. It is especially recommended that the Governors of the States issue proclamations emphasizing the services rendered by their educational institutions, and calling upon their people to observe the occasion by appropriate action. Further, I urge that all civil officers whose duties relate to education, and all persons connected with the profession of teaching, exert themselves to diffuse information concerning the condition and needs of the schools and to enhance appreciation of the value of education. Patriotic, civic, religious, social, and other organizations could contribute by conducting meetings and demonstrations to promote the desire for knowledge. Ministers of religion and members

of the press are asked to exercise the means within their power to increase enthusiasm for educational advancement and to stimulate zeal for enlightened citizenship.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

CHARLES E. HUGHES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA,

November 14, 1924.

A PROCLAMATION.

Whereas in and by section 315 (a) of Title III of the act of Congress approved September 21, 1922, entitled "An act to provide revenue, to regulate commerce with foreign countries, to encourage the industries of the United States, and for other purposes," it is, among other things, provided that whenever the President, upon investigation of the differences in costs of production of articles wholly or in part the growth or product of the United States and of like or similar articles wholly or in part the growth or product of competing foreign countries, shall find it thereby shown that the duties fixed in this act do not equalize the said differences in costs of production in the United States and the principal competing country he shall, by such investigation, ascertain said differences and determine and proclaim the changes in classifications or increases or decreases in rates of duty provided in said act shown by said ascertained differences in such costs of production necessary to equalize the same;

Tariff on Diethylbarbituric Acid, etc.  
Preamble.  
Statutory authorization.  
Vol. 42, p. 941.

Whereas in and by section 315 (c) of said act it is further provided that in ascertaining the differences in costs of production, under the provisions of subdivisions (a) and (b) of said section, the President, in so far as he finds it practicable, shall take into consideration (1) the differences in conditions in production, including wages, costs of material, and other items in costs of production of such or similar articles in the United States and in competing foreign countries; (2) the differences in the wholesale selling prices of domestic and foreign articles in the principal markets of the United States; (3) advantages granted to a foreign producer by a foreign government, or by a person, partnership, corporation, or association in a foreign country; and (4) any other advantages or disadvantages in competition;

Vol. 42, p. 942.

Whereas, under and by virtue of said section of said act, the United States Tariff Commission has made an investigation to assist the President in ascertaining the differences in costs of production of and of all other facts and conditions enumerated in said section with respect to the articles described in paragraphs 1 and 5 of Title I of said tariff act of 1922, namely, diethylbarbituric acid and salts and compounds thereof, being wholly or in part the growth or product of the United States, and of and with respect to like or similar articles wholly or in part the growth or product of competing foreign countries;

Vol. 42, pp. 858, 859.

Whereas in the course of said investigation a hearing was held, of which reasonable public notice was given and at which parties

interested were given reasonable opportunity to be present, to produce evidence, and to be heard;

And whereas the President upon said investigation of said differences in costs of production of said articles wholly or in part the growth or product of the United States and of like or similar articles wholly or in part the growth or product of competing foreign countries, has thereby found—

That the principal competing country is Switzerland;

That the duties fixed in said title and act do not equalize the differences in costs of production in the United States and in said principal competing country, namely, Switzerland;

That the differences in costs of production in the United States and the principal competing country are greater than the amount of the present duty at the rate of 25 per centum ad valorem increased by the total maximum increase authorized under said section, subdivision (a);

And that said differences in costs of production in the United States and the principal competing country can not be equalized by proceeding under the provisions of subdivision (a) of said section and act, that is to say, by increasing the duties to the extent of 50 per centum of the existing ad valorem duties applied to the value of the imported article in the country of exportation.

Increasing duty on diethylbarbituric acid, salts, etc., to equalize differences in cost of production.

Rate on American selling price.  
Vol. 42, p. 950.

Veronal or veronal-sodium not included.

Now, therefore, I, CALVIN COOLIDGE, President of the United States of America, do hereby determine and proclaim that the rate of duty shown by said differences in costs of production of diethylbarbituric acid and salts and compounds thereof in the United States and in the principal competing country necessary to equalize such differences, within the limit provided in said section, is the rate of 25 per centum ad valorem based and assessed upon the American selling price as defined in subdivision (f) of section 402 of said act, of similar diethylbarbituric acid and salts and compounds thereof manufactured or produced in the United States and sold under their respective chemical names, or under their respective descriptive names, including barbital and barbital-sodium, not using for the purpose of said basis and assessment such price of such articles when sold under the trademark name Veronal or Veronal-sodium.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

Whereas in and by section 315 (c) of said act it is further provided that in ascertaining the differences in costs of production, under the provisions of subdivisions (a) and (b) of said section, the President, in so far as he finds it practicable, shall take into consideration (1) the differences in conditions in production, including wages, costs of material, and other items in costs of production of such or similar articles in the United States and in competing foreign countries; (2) the differences in the wholesale selling prices of domestic and foreign articles in the principal markets of the United States; (3) advantages granted to a foreign producer by a foreign government, or by a person, partnership, corporation, or association in a foreign country; and (4) any other advantages or disadvantages in competition;

Whereas in the course of said investigation a hearing was held, of which reasonable public notice was given and at which parties interested were given reasonable opportunity to be present, to produce evidence, and to be heard;

And whereas the President upon said investigation of said differences in costs of production of said article wholly or in part the growth or product of the United States and of the like or similar article wholly or in part the growth or product of competing foreign countries, has thereby found that the principal competing country is

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

February 21, 1925.

A PROCLAMATION.

In proclaiming American Forest Week, I desire to bring to the attention of all our people the danger that comes from the neglect of our forests.

Forest protection and Arbor Day observation, 1925.  
Preamble.

For several years the Nation has observed Forest Protection Week. It is fitting that this observance be enlarged. We have too freely spent the rich and magnificent gift that nature bestowed on us. In our eagerness to use that gift we have stripped our forests; we have permitted fires to lay waste and devour them; we have all too often destroyed the young growth and the seed from which new forests might spring. And though we already feel the first grip of timber shortage, we have barely begun to save and restore.

We have passed the pioneer stage and are no longer excusable for continuing this unwise dissipation of a great resource. To the Nation it means the lack of an elemental necessity and the waste of keeping idle or only partly productive nearly one-fourth of our soil.

To our forest-using industries it means unstable investments, the depletion of forest capital, the disbanding of established enterprises, and the decline of one of our most important industrial groups.

Our forests ought to be put to work and kept at work. I do not minimize the obstacles that have to be met, nor the difficulty of changing old ideas and practices. We must all put our hands to this common task. It is not enough that the Federal, State, and local governments take the lead. There must be a change in our national attitude. Our industries, our landowners, our farmers, all our citizens must learn to treat our forests as crops, to be used but also to be renewed. We must learn to tend our woodlands as carefully as we tend our farms.

Let us apply to this creative task the boundless energy and skill we have so long spent in harvesting the free gifts of nature. The forests of the future must be started to-day. Our children are dependent on our course. We are bound by a solemn obligation from which no evasion and no subterfuge will relieve us. Unless we fulfill our sacred responsibility to unborn generations, unless we use with gratitude and with restraint the generous and kindly gifts of Divine Providence, we shall prove ourselves unworthy guardians of a heritage we hold in trust.

Designation of week  
of April 27-May 3, 1925,  
as American Forest  
Week, etc.

NOW, THEREFORE, I, CALVIN COOLIDGE, President of the United States, do recommend to the Governors of the various States to designate and set apart the week of April 27-May 3, inclusive, 1925, as American Forest Week, and, wherever practicable and not in conflict with State law or accepted customs, to celebrate Arbor Day within that week. And I urge public officials, public and business associations, industrial leaders, forest owners, editors, educators, and all patriotic citizens to unite in the common task of forest conservation and renewal.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

### A PROCLAMATION

Preamble.

Whereas, There are around Glacier Bay on the southeast coast of Alaska a number of tidewater glaciers of the first rank in a magnificent setting of lofty peaks, and more accessible to ordinary travel than other similar regions of Alaska,

And, Whereas, The region is said by the Ecological Society of America to contain a great variety of forest covering consisting of mature areas, bodies of youthful trees which have become established since the retreat of the ice which should be preserved in absolutely natural condition, and great stretches now bare that will become forested in the course of the next century,

And Whereas, The area is also of historic interest having been visited by explorers and scientists since the early voyages of Vancouver in 1794, who have left valuable records of such visits and explorations.

Now, Therefore, I, CALVIN COOLIDGE, President of the United States of America, by virtue of the power and authority in me vested by section two of the act of Congress entitled: "An Act for the preservation of American Antiquities", approved June 8, 1906 (34 Stat., 225), do proclaim that there is hereby reserved from all forms of appropriation under the public land laws, subject to all prior valid claims, and set apart as the Glacier Bay National Monument, the tract of land lying within the following described boundaries, to wit:
